Correct Tariff Book, pages 535, 536, 537 and 539.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 535, 536 and 537 of January 1901 Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded

except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 530 to 547, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 477 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for Other lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January, 1898.

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express, or registered letter. If exchange is paid for draft, or fees for express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the Adams, American, Denver and Rio Grande, Pacific, Great Northern, National, Northern Pacific, Southern, United States, Wells, Fargo and Co. Express Companies, at following rates, viz:

Not exceeding \$5.00, 5 cts.	Over \$40.00 to \$50.00, 15 cts.
Over \$5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.
Over 30.00 to 40.00, 15 cts.	

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

The Advanced Learners' Apparatus is for perfecting operators in the use of type-writer, etc. It can be speeded according to expertness. Correspondence solicited.

OPERATORS

We find a little time that we can devote in getting out New Novelties and Standard Goods for the Telegraph Operator. When we have the goods the operator is remembered when price is quoted. For the convenience of our Western trade we will open a branch, about March 1st, at 186-188 FIFTH AVENUE, CHICAGO

Something New IN TELEGRAPH INSTRUMENTS

Can be used with or without a battery. The mechanical attachment can be easily disconnected when the outfit remains entirely electrical. It can be operated mechanically when the battery is in the circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

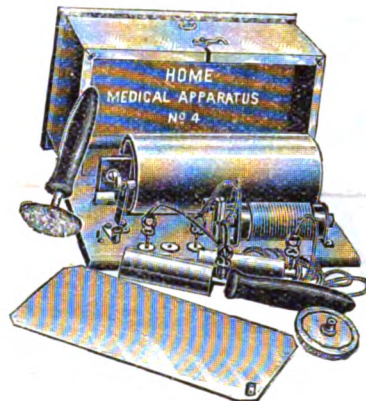

The price is but a trifle more than is charged for the regular telegraph outfits.

THE first public cablegram transmitted over any ocean telegraphs was the one sent by Queen Victoria to the President of the United States on August 16, 1858, and the second one was President Buchanan's reply to Queen Victoria on same day.

NEW YORK, February 20, 1901.

To All Western Union Managers:

You are authorized to send "collect" without the guarantee required by Rule 18, messages of traveling agents or representatives addressed to their home firms, upon sufficient evidence of their connection with those firms.

THOS. T. ECKERT,
President and General Manager.

UNITED STATES government messages sent by **ARMY** officers, that are written upon the blue Form No. 87 for **WAR DEPARTMENT OFFICIAL TELEGRAMS** furnished by the **QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY**, should always be checked "paid govt. rate" **WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.**

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, February 20, 1901.

The following list of "changes" corrects the Tariff Book "of January, 1901" to date.

The hand **3** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Seatonville, Ill., which was formerly a three star station, but which is now a Western Union office in Square 875.

See Special Notices at end of this circular.

All other Stations.....			.91

Messages may also be accepted via London for the above
 named places in Brazil at same rates as via Galveston. For
 example: The total rate Chicago, Ill., to Source in Brazil via

CABLES.—Continued.

Galveston will be \$1.20 per word (i. e. 9c. to Galveston, plus
 \$1.11 beyond Galveston). The total rate Chicago to Source via
 the London route will also be \$1.20 per word, which amount
 includes the rate to London, and the rate beyond London.

BOLIVIA.

Hereafter the rate beyond London to Bolivia, will be \$1.00
 per word, instead of \$1.25 as at present.
 Correct Tariff Book page 545.

CUBA.

The office at Cobre (El Cobre) is closed. Correct Tariff
 Book, page 541.

The following changes in word rates beyond
 London, are now in force:

Correct Tariff Book, pages 535, 536, 537 and 539.	

AFRICA.

During the continuance of the war in South
 Africa, telegrams forwarded via the West
 Coast and Cape Town to East Coast places in
 consequence of interruption will be charged
 the same rates as those "via Aden" given on
 pages 535, 536 and 537 of January 1901 Tariff
 Book.

SPECIAL NOTICES.

Particular attention should be given to mes-
 sages addressed to Race Tracks, Baseball or
 Bicycle Parks, Fair Grounds, Camps, Asylums,
 Poor Houses, Hospitals, Infirmaries, Colleges,
 Schools, Convents, or to any institution or
 place, the situation of which is usually in the
 suburbs of some town or city. To such places
 there is very frequently a charge for delivery,
 and when a sender offers a message addressed
 as indicated, the Tariff Book and Journal
 should be consulted, and if there be a delivery
 charge, it should be collected from the sender
 and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or
 change the check, should be disregarded
 except to refer the matter to your Superinten-
 dent for benefit of the service. This applies to
 missent as well as uncollected messages.

Managers are urged to use extreme caution in
 accepting and in checking messages addressed
 to places not named in Tariff Book, or JOURNAL,

which together furnish a complete list, as far as
 reported, of all Western Union offices and con-
 nections. To other places it should be under-
 stood there may be "other" line, delivery, or
 telephone charges which should be provided
 for when messages are accepted.

Offices forwarding messages which they
 have received from places not shown in the
 Tariff Book should be careful to see that
 checks of such messages show, first the tolls for
 "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be
 received "collect" from offices on "other" lines,
 or from telephone (three star) stations, man-
 agers will collect tolls for "this" and also for
 "other" lines, whether the checks of such
 messages show tolls for both lines or not.

The attention of offices is recalled to the re-
 quirements of Rule 4 in relation to the count
 of messages, and particularly to that part of
 the Rule covering the count of unpronounceable
 groups of letters, and of improper combinations
 of words.

Special attention of offices is called to the fact
 that messages for places named in Tariff Book
 on pages 530 to 547, both inclusive, are CABLE
 messages and should be reported in accordance
 with rule No. 71, page 477 of Tariff Book. The
 charges on cable messages should not be entered
 on the Check Report (Form 7).

Ocean Steamers. The arrival of any steam-
 ship at the Port of New York will be reported
 to any address in New York City, Brooklyn,
 Hoboken or Jersey City during the Company's
 usual office hours for \$1.00. For other places
 the rate will be \$1.00, plus the tolls on a ten
 word day message to New York City. The
 \$1.00 to be accounted for, except by New York
 City offices, as received for Other lines.

Orders should be addressed to Manager
 Marine Department, New York City.

OPERATORS

We find a little time that we can devote in getting out New Novelties and Standard Goods for the Telegraph Operator. When we have the goods the operator is remembered when price is quoted. For the convenience of our Western trade we will open a branch, about March 1st, at 186-188 FIFTH AVENUE, CHICAGO

Something New IN TELEGRAPH INSTRUMENTS

Can be used with or without a battery. The mechanical attachment can be easily disconnected when the outfit remains entirely electrical. It can be operated mechanically when the battery is in the circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

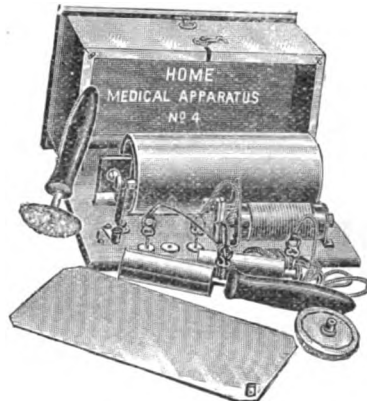

The price is but a trifle more than is charged for the regular telegraph outfits.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, March 18, 1901.

To All Transfer Agents and Offices:

The transfer service has been resumed at Cape May, N. J., and temporarily discontinued at Bath, N. Y., and Newburg, N. Y.

On April 1st, Janesville, Wis., will be advanced from Class D to Class C, transfer offices.

On April 1st, the following offices will be added to the list of transfer offices:

In Arthur Cox's district: Simcoe, Ont., Class D.

In E. M. Mulford, Jr.'s district: Chickasha, I. T., Class E.

On March 1st, G. L. Wagner was appointed Transfer Agent at Toledo, Ohio, vice F. M. Greene. Transfers for Toledo, Ohio, on and after that date, should be addressed to G. L. Wagner instead of F. M. Greene.

On March 1st, a new Transfer Agency was established at Butte, Mont., and placed in charge of L. S. Wild. Butte, Mont., formerly in J. P. Altberger's district, was transferred to the new district; transfers for such office, on and after that date, should be addressed to L. S. Wild, Transfer Agent, Butte, Mont.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, March 20, 1901.

The following list of "changes" corrects the Tariff Book "of January, 1901" to date.

The hand **B** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Seatonville, Ill., which was formerly a three star station, but which is now a Western Union office in Square 375.

See Special Notices at end of this circular.

Soure, Cameta, Chaves, Mosquiro, Breves, Macapa, Pinheiro, Gurupa, Monte Alegre, Santarem.	\$1.11
Alemquer, Parintina, Manaus, Obidos, Itacoatiara.	1.21
All other Stations.....	.91

Messages may also be accepted *via London* for the above named places in Brazil at same rates as *via Galveston*. For example: The total rate Chicago, Ill., to Soure in Brazil *via*

CABLES.—Continued.

Galveston will be \$1.20 per word (i. e. 9c. to Galveston, plus \$1.11 beyond Galveston). The total rate Chicago to Soure via the London route will also be \$1.20 per word, which amount includes the rate to London, and the rate beyond London.

BOLIVIA.

Hereafter the rate beyond London to Bolivia, will be \$1.00 per word, instead of \$1.25 as at present.
Correct Tariff Book page 544.

CUBA.

The office at Cobre (El Cobre) is closed. Correct Tariff Book, page 541.

The following changes in word rates beyond London, are now in force:

Correct Tariff Book, pages 535, 536, 537 and 539.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 535, 536 and 537 of January 1901 Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misssent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL,

which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 530 to 547, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 477 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for Other lines.

Orders should be addressed to Manager Marine Department, New York City.

President.

The Advanced Learners' Apparatus is for perfecting operators in the use of type-writer, etc. It can be speeded according to expertness. Correspondence solicited.

OPERATORS

We find a little time that we can devote in getting out New Novelties and Standard Goods for the Telegraph Operator. When we have the goods the operator is remembered when price is quoted. For the convenience of our Western trade we will open a branch, about March 1st, at 186-188 FIFTH AVENUE, CHICAGO

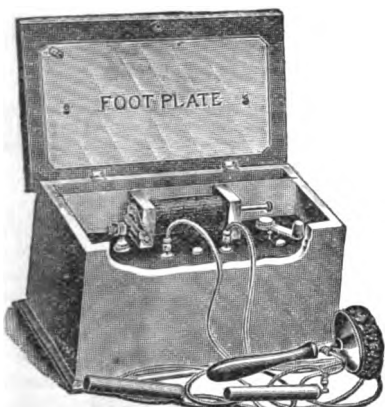

Something New IN TELEGRAPH INSTRUMENTS

Can be used with or without a battery. The mechanical attachment can be easily disconnected when the outfit remains entirely electrical. It can be operated mechanically when the battery is in the circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

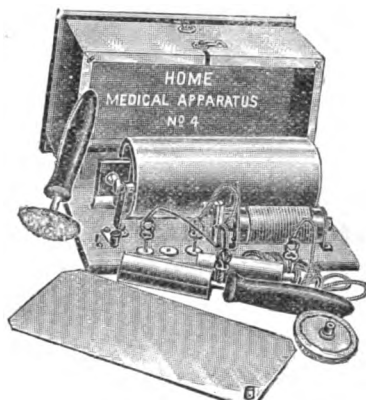

The price is but a trifle more than is charged for the regular telegraph outfits.

NO USE

for a gold pen with this holder, any kind of a steel pen, stub or pointed, will write just as easy as a gold pen. Can be instantly adjusted to suit the delicate touch of a lady's hand or the heavy hand of a laborer; superior to a gold pen on this account. The only adjustable, non-paralytic holder made. Writers' cramp cured and prevented without any awkward, clumsy harness attachment that fastens the user to the holder. It is simple, substantial, neat and durable. Try one and be convinced.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, March 18, 1901.

To All Transfer Agents and Offices:

The transfer service has been resumed at Cape May, N. J., and temporarily discontinued at Bath, N. Y., and Newburg, N. Y.

On April 1st, Janesville, Wis., will be advanced from Class D to Class C, transfer offices.

On April 1st, the following offices will be added to the list of transfer offices:

In Arthur Cox's district: Simcoe, Ont., Class D.

In E. M. Mulford, Jr.'s district: Chickasha, I. T., Class E.

On March 1st, G. L. Wagner was appointed Transfer Agent at Toledo, Ohio, vice F. M. Greene. Transfers for Toledo, Ohio, on and after that date, should be addressed to G. L. Wagner instead of F. M. Greene.

On March 1st, a new Transfer Agency was established at Butte, Mont., and placed in charge of L. S. Wild. Butte, Mont., formerly in J. P. Altberger's district, was transferred to the new district; transfers for such office, on and after that date, should be addressed to L. S. Wild, Transfer Agent, Butte, Mont.

THOS. T. ECKERT, President.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, FOR THE QUARTER ENDING MARCH 31st, 1901.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, March 13th, 1901.

The following statement exhibits the condition of the Company at the close of the quarter ended December 31st, 1900.

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of April next, to stockholders of record at the close of the transfer books on the 20th day of March, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of March, instant, and be reopened on the morning of the 1st day of April next.

Respectfully submitted,

THOS. T. ECKERT,

President.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, March 20, 1901.

The following list of "changes" corrects the Tariff Book "of January, 1901" to date.

The hand **B** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Seatonville, Ill., which was formerly a three star station, but which is now a Western Union office in Square 375.

See Special Notices at end of this circular.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmeries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 530 to 547, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 477 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for Other lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. HOKERT,
President.

89-41 CORTLANDT STREET,

**TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, January, 1898.**

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No. 65*, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express, or registered letter. If exchange is paid for draft, or fees for express money orders, post office money orders, money by express or registered letter, *the amount of such expenses must be reported, like any other item, in the monthly account current (form 4).* Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the Adams, American, Denver and Rio Grande, Pacific, Great Northern, National, Northern Pacific, Southern, United States, Wells, Fargo and Co. Express Companies, at following rates, viz:

Not exceeding \$5.00, 5 cts.	Over \$40.00 to \$50.00, 18 cts.
Over \$5.00 to 10.00, 8 cts.	Over \$50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.
Over 30.00 to 40.00, 15 cts.	

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

Something New IN TELEGRAPH INSTRUMENTS

Can be used with or without a battery. The mechanical attachment can be easily disconnected when the outfit remains entirely electrical. It can be operated mechanically when the battery is in the circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

This illustrates our Improved Giant Learners' Instrument with the mechanical attachment.

Managers will correct their lists accordingly.

THOS. T. ECKERT, President.

L. D. PARKER, late General Superintendent of the Postal Telegraph-Cable Co., at Chicago, Ill., died at his home at Evanston, Ill., on March 19th, aged sixty-four years. Mr. Parker had been a telegrapher for upwards of fifty years. During the first two years of the Civil War he was in the United States Government service. Prior and subsequent thereto he was in the service of the Illinois & Mississippi Telegraph Co., and of the Western Union Telegraph Co. In 1881 he retired from the service of the Western Union Co. as Assistant Superintendent of the First District Western Division and entered the service of the Mutual Union Telegraph Co. Shortly thereafter he entered the service of the Postal Telegraph Co., with which he continued until January 1st last, when on account of his failing health he retired from active business occupation.

THOS. T. ECKERT,

President and General Manager.

For the year 1900 the mineral exports of the United States, including gold and silver, amounted to \$436,227,477, or 28 per cent. of the total exports of domestic products. The classification is as follows: Iron and steel, \$130,000,000; mineral oils, \$75,000,000; copper, nearly \$60,000,000; gold, \$52,787,523; silver, \$59,272,868; coal and coke, more than \$22,000,000; paraffin, somewhat over \$8,000,000, and phosphates, over \$5,000,000. The iron and steel export trade of 1900 is nearly five times that of 1890, and the total figures show an increase of \$295,780,373 over the figures for 1890, which were \$140,447,104.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April 20, 1901.

The following list of "changes" corrects the Tariff Book "of January, 1901" to date.

The hand **37** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Seatonville, Ill., which was formerly a three star station, but which is now a Western Union office in Square 375.

NO USE

for a gold pen with this holder, any kind of a steel pen, stub or pointed, will write just as easy as a gold pen. Can be instantly adjusted to suit the delicate touch of a lady's hand or the heavy hand of a laborer; superior to a gold pen on this account. The only adjustable, non-paralytic holder made. Writers' cramp cured and prevented without any awkward, clumsy harness attachment that fastens the user to the holder. It is simple, substantial, neat and durable. Try one and be convinced.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April 18, 1901.

To All Transfer Agents and Offices:

The transfer service has been resumed at Bath, N. Y., and Newburg, N. Y., and temporarily discontinued at Passaic, N. J., Palm Beach, Fla., and Wilson, N. C.

On May 1st, Purcell, I. T., will be added to the list of Class D, transfer offices in J. J. Dickey's district.

Oscoda, Mich., has been changed to Au Sable, Mich.

Managers will correct their lists accordingly.

THOS. T. ECKERT, President.

L. D. PARKER, late General Superintendent of the Postal Telegraph-Cable Co., at Chicago, Ill., died at his home at Evanston, Ill., on March 19th, aged sixty-four years. Mr. Parker had been a telegrapher for upwards of fifty years. During the first two years of the Civil War he was in the United States Government service. Prior and subsequent thereto he was in the service of the Illinois & Mississippi Telegraph Co., and of the Western Union Telegraph Co. In 1881 he retired from the service of the Western Union Co. as Assistant Superintendent of the First District Western Division and entered the service of the Mutual Union Telegraph Co. Shortly thereafter he entered the service of the Postal Telegraph Co., with which he continued until January 1st last, when on account of his failing health he retired from active business occupation.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

NEW YORK, February 20, 1901.

To All Western Union Managers:

You are authorized to send "collect" without the guarantee required by Rule 18, messages of traveling agents or representatives addressed to their home firms, upon sufficient evidence of their connection with those firms.

THOS. T. ECKERT,

President and General Manager.

FOR the year 1900 the mineral exports of the United States, including gold and silver, amounted to \$496,227,477, or 28 per cent. of the total exports of domestic products. The classification is as follows: Iron and steel, \$130,000,000; mineral oils, \$75,000,000; copper, nearly \$60,000,000; gold, \$52,787,523; silver, \$59,272,868; coal and coke, more than \$22,000,000; paraffin, somewhat over \$8,000,000, and phosphates, over \$5,000,000. The iron and steel export trade of 1900 is nearly five times that of 1890, and the total figures show an increase of \$295,780,378 over the figures for 1890, which were \$140,447,104.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April 20, 1901.

The following list of "changes" corrects the Tariff Book "of January, 1901" to date.

The hand **37** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Seatonville, Ill., which was formerly a three star station, but which is now a Western Union office in Square 375.

See Special Notices at end of this circular.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmeries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 530 to 547, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 477 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for Other lines.

Orders should be addressed to Manager Marine Department, New York City.

President

Something New IN TELEGRAPH INSTRUMENTS

Can be used with or without a battery. The mechanical attachment can be easily disconnected when the outfit remains entirely electrical. It can be operated mechanically when the battery is in the circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

This illustrates our Improved Giant Learners' Instrument with the mechanical attachment.

for a gold pen with this holder, any kind of a steel pen, stub or pointed, will write just as easy as a gold pen. Can be instantly adjusted to suit the delicate touch of a lady's hand or the heavy hand of a laborer; superior to a gold pen on this account. The only adjustable, non-paraletice holder made. Writers' cramp cured and prevented without any awkward, clumsy harness attachment that fastens the user to the holder. It is simple, substantial, neat and durable. Try one and be convinced.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book, or JOURNAL, which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line, delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 530 to 547, both inclusive, are CABLE

Something New IN TELEGRAPH INSTRUMENTS

Can be used with or without a battery. The mechanical attachment can be easily disconnected when the outfit remains entirely electrical. It can be operated mechanically when the battery is in the circuit. The operation of the outfit mechanically varies in the stroke of the sounder lever, according to the adjustment of the key. The stroke of the sounder lever obtained from the use of one cell of battery is usually sufficient for ordinary practice. This result is obtained by the mechanical attachment, and the operator can manipulate the key with the same ease as with the battery current. The adjustment is simple and not easily disarranged.

This illustrates our Improved Giant Learners' Instrument with the mechanical attachment.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 18, 1901.

To all Transfer Agents and Offices:

On and after July 1, 1901, it will not be necessary to have a revenue stamp attached to transfers of money originating in and payable in the United States, but on all transfers originating in the United States and payable out of the United States, a two-cent documentary stamp must be attached for each one hundred dollars or fraction thereof.

The transfer service has been resumed at Wilson, N. C., and temporarily discontinued at Goldsboro, N. C., and discontinued at Excelsior Springs, Mo.

On July 1st, Parkersburg, W. Va., will be advanced from Class D to Class C, transfer office.

On July 1st, the following offices will be added to the list of transfer offices:

In C. Corbett's district:

Marine City, Mich., Class D.

Niles, Ohio, Class D.

Petoskey, Mich., Class E.

On July 1st, Boise, Idaho, will be transferred from T. H. Reynold's district to J. P. Altberger's district.

Managers will correct their lists accordingly.

THOS. T. ECKERT,
President.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 18, 1901.

The following franks are hereby revoked.

Business frank No. 6465, issued on account of Nashville, Chattanooga and St. Louis Railway.

Business frank No. 8541, issued on account of Baltimore & Ohio Railroad.

Half-rate business frank No. 1354, issued on account of Chicago Tribune.

Managers will please take up those franks, if presented, and return them to this office for cancellation.

THOS. F. CLARK,
Vice-President.

THE numerous telegraph friends of Edward C. Cockey, Purchasing Agent and Superintendent of Supplies of the Western Union Telegraph Co., New York, sympathize with him in his loss by the death of his wife, at her home in New York City, on June 7th.

At the meeting of the Old Time Telegraphers, held in New York six years ago, when Mr. Cockey was president of the Association, Mrs. Cockey acted as the head of the ladies' entertainment committee. Her acquaintance was then made by the large number of Old Time Telegraphers and their wives and daughters, present on that occasion, to whom she endeared herself, and by whom she is held in affectionate remembrance.

AFTER JUNE 30TH, 1901, UNITED STATES INTERNAL REVENUE STAMPS ARE **NOT** REQUIRED TO BE AFFIXED TO TELEGRAPH MESSAGES.

NEW YORK, February 20, 1901.

To All Western Union Managers:

You are authorized to send "collect" without the guarantee required by Rule 13, messages of traveling agents or representatives addressed to their home firms, upon sufficient evidence of their connection with those firms.

THOS. T. ECKERT,
President and General Manager.

TARIFF BUREAU. MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 20, 1901.

The July, 1901, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before July 1, when the new book takes effect.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any errors which they may discover.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 553, 554 and 555 of July, 1901, Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 548 to 565, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 495 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or

Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

WESTERN UNION TELEGRAPH COMPANY,
New York, June 12, 1901.

DIVIDEND NO. 131.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January, 1898.

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the Adams, American, Denver and Rio Grande, Pacific, Great Northern, National, Northern Pacific, Southern, United States, Wells, Fargo and Co. Express Companies, at the following rates, viz.:

Not exceeding \$5.00, 5 cts.	Over \$40.00 to \$50.00, 18 cts.
Over \$5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.
Over 30.00 to 40.00, 15 cts.	

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

THE "LAUGHLIN" COMBINATION MANIFOLD AND RULING PEN

Consists of a *hard rubber* holder, tapering to a round point, and writes as smoothly as a lead pencil. The needle and point are made of *platinum*, alloyed with iridium, substances which are not affected by the action of acid inks and will last a lifetime. Holds enough ink to write 10,000 words with one filling. These pens are unsurpassed for light *manifold work* in connection with carbon paper, and are adapted especially for railroad, telegraph and express work, for expense bills, O. S. & D. reports, etc., and unequaled for ruling purposes.

Annett, Illinois Central Railroad, Chicago; Vice-President, F. P. Valentine, N. Y., N. H. & H. Railroad, Boston; Secretary and Treasurer, P. W. Drew, Wisconsin Central, Milwaukee.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 18, 1901.

The following franks are hereby revoked.

Business frank No. 6465, issued on account of Nashville, Chattanooga and St. Louis Railway.

Business frank No. 8541, issued on account of Baltimore & Ohio Railroad.

Half-rate business frank No. 1354, issued on account of Chicago Tribune.

Managers will please take up those franks, if presented, and return them to this office for cancellation.

THOS. F. CLARK,
Vice-President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES

ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, July 18, 1901.

To all Transfer Agents and Offices:

The transfer service has been temporarily discontinued at Newbern, N. C., Oswego, N. Y., and Palatka, Fla.

The transfer service was temporarily discontinued at Bedford, Pa., on June 28th, and will be resumed on August 1st.

On June 25th, Long Branch, N. J., was advanced from Class D to Class B, transfer office.

On August 1st, Catskill, N. Y., will be advanced from Class C to Class B, and Billings, Mon., advanced from Class D to Class C, transfer offices.

On August 1st, the following offices will be added to the list of transfer offices:

In E. M. Mulford, Jr.'s district:

Pontiac, Ill., Class E.

In B. F. Dillon's district:

West Palm Beach, Fla., I.O.T., Class E.

On June 25th, L. S. Humes was appointed Transfer Agent at Duluth, Minn., vice G. E. Fletcher, and all transfers for such office, on and after that date, should be addressed to L. S. Humes, instead of G. E. Fletcher.

On August 1st, a new Transfer Agency will be established at Seattle, Wash., and placed in charge of E. Hockett. Seattle, Wash., now in T. A. Reynold's district will be transferred to the new district, and all transfers for such office, on and after that date, should be addressed to E. Hockett, Transfer Agent, Duluth, Minn.

Port Townsend, Wash., San Bernardino, Cal., and San Diego, Cal., appear in July Tariff Book in F. R. Steele's district, should read T. H. Reynold.

Managers will correct their lists accordingly.

THOS. T. ECKERT,

President.

NEW YORK, February 20, 1901.

To All Western Union Managers:

You are authorized to send "collect" without the guarantee required by Rule 13, messages of traveling agents or representatives addressed to their home firms, upon sufficient evidence of their connection with those firms.

THOS. T. ECKERT,

President and General Manager.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, July 20, 1901.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The hand **E** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

CABLES.**AFRICA.**

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 553, 554 and 555 of July, 1901, Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmeries, Colleges, Schools, Convents, or

to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 548 to 565, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 495 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

SHORTHAND BY MAIL Thoroughly taught by reporters. Spare time only required. Special attention to operators. Pioneer home course. Catalogue and **first lesson FREE.**

to any institution or place, the situation of which is usually in the suburbs of some town or city. In such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Manual should be consulted, and if there be a charge, it should be collected from the sender and entered in the check as required by rule 8.

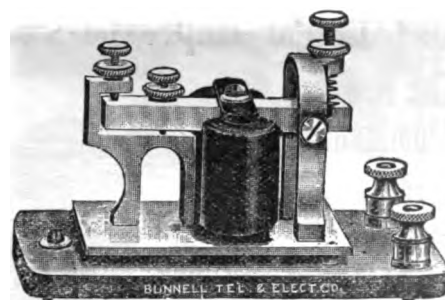

All requests to destroy or omit a message change the check, should be destroyed, and should refer the matter to your Superintendent for the service. This applies to all uncollected messages.

Managers are urged to accept and in places not named in the Tariff Book together furnish a copy of all Western "other" line should be passed.

THE "LAUGHLIN" COMBINATION MANIFOLD AND RULING PEN

Consists of a *hard rubber* holder, tapering to a round point, and writes as smoothly as a lead pencil. The needle and point are made of *platinum*, alloyed with iridium, substances which are not affected by the action of acid inks and will last a lifetime. Holds enough ink to write 10,000 words with one filling. These pens are unsurpassed for light *manifold work* in connection with carbon paper, and are adapted especially for railroad, telegraph and express work, for expense bills, O. S. & D. reports, etc., and unequaled for ruling purposes.

AT WORK AGAIN

We desire to return sincere thanks to our friends for the many kindly expressions received and the forbearance shown at the delays in filling their orders on account of the disastrous fire at our factory.

We take pleasure in announcing that we are rapidly completing the fitting up of a **NEW FACTORY** where with very largely increased space and best facilities, together with the latest and most improved Machinery, we are in a position to turn out the highest grade of work at the lowest cost.

Our No. 18 Catalogue is now ready, and will be sent free to any address, on request.

Any one interested in **TELEPHONES**, should get our Telephone Pamphlet, and ask for Special Prices on the instruments wanted.

Our "77-13" 'Phones are the highest types ever produced.

Every instrument guaranteed satisfactory.

for a gold pen with this holder, any kind of a steel pen, stub or pointed, will write just as easy as a gold pen. Can be instantly adjusted to suit the delicate touch of a lady's hand or the heavy hand of a laborer; superior to a gold pen on this account. The only adjustable, non-paraletice holder made. Writers' cramp cured and prevented without any awkward, clumsy harness attachment that fastens the user to the holder. It is simple, substantial, neat and durable. Try one and be convinced.

THE twentieth annual convention of the Association of Railway Telegraph Superintendents was held at Buffalo, N. Y., on June 19, 20 and 21.

The following were elected officers for the ensuing year, and Boston, Mass., was selected as the place for next year's meeting. President, C. F. Annett, Illinois Central Railroad, Chicago; Vice-President, F. P. Valentine, N. Y., N. H. & H. Railroad, Boston; Secretary and Treasurer, P. W. Drew, Wisconsin Central, Milwaukee.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 18, 1901.

The following franks are hereby revoked.

Business frank No. 6465, issued on account of Nashville, Chattanooga and St. Louis Railway.

Business frank No. 8541, issued on account of Baltimore & Ohio Railroad.

Half-rate business frank No. 1354, issued on account of Chicago Tribune.

Managers will please take up those franks, if presented, and return them to this office for cancellation.

THOS. F. CLARK,
Vice-President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES

ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, July 18, 1901.

To all Transfer Agents and Offices:

The transfer service has been temporarily discontinued at Newbern, N. C., Oswego, N. Y., and Palatka, Fla.

The transfer service was temporarily discontinued at Bedford, Pa., on June 28th, and will be resumed on August 1st.

On June 25th, Long Branch, N. J., was advanced from Class D to Class B, transfer office.

On August 1st, Catskill, N. Y., will be advanced from Class C to Class B, and Billings, Mon., advanced from Class D to Class C, transfer offices.

On August 1st, the following offices will be added to the list of transfer offices:

In E. M. Mulford, Jr.'s district:

Pontiac, Ill., Class E.

In B. F. Dillon's district:

West Palm Beach, Fla., I.O.T., Class E.

On June 25th, L. S. Humes was appointed Transfer Agent at Duluth, Minn., vice G. E. Fletcher, and all transfers for such office, on and after that date, should be addressed to L. S. Humes, instead of G. E. Fletcher.

On August 1st, a new Transfer Agency will be established at Seattle, Wash., and placed in charge of E. Hockett. Seattle, Wash., now in T. A. Reynolds's district will be transferred to the new district, and all transfers for such office, on and after that date, should be addressed to E. Hockett, Transfer Agent, Duluth, Minn.

Port Townsend, Wash., San Bernardino, Cal., and San Diego, Cal., appear in July Tariff Book in F. R. Steele's district, should read T. H. Reynolds.

Managers will correct their lists accordingly.

THOS. T. ECKERT,

President.

NEW YORK, February 20, 1901.

To All Western Union Managers:

You are authorized to send "collect" without the guarantee required by Rule 13, messages of traveling agents or representatives addressed to their home firms, upon sufficient evidence of their connection with those firms.

THOS. T. ECKERT,
President and General Manager.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, July 20, 1901.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The hand **E** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

CABLES.**AFRICA.**

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 553, 554 and 555 of July, 1901, Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or

to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 548 to 565, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 495 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

THE "LAUGHLIN" COMBINATION MANIFOLD AND RULING PEN

Consists of a *hard rubber* holder, tapering to a round point, and writes as smoothly as a lead pencil. The needle and point are made of *platinum*, alloyed with iridium, substances which are not affected by the action of acid inks and will last a lifetime. Holds enough ink to write 10,000 words with one filling. These pens are unsurpassed for *light manifold work* in connection with carbon paper, and are adapted especially for railroad, telegraph and express work, for expense bills, O. S. & D. reports, etc., and unequaled for ruling purposes.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, August 20, 1901.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 553, 554 and 555 of July, 1901, Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book,

should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 548 to 565, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 495 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, January, 1898.

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the Adams, American, Denver and Rio Grande, Pacific, Great Northern, National, Northern Pacific, Southern, United States, Wells, Fargo and Co. Express Companies, at the following rates, viz.:

Not exceeding \$5.00, 5 cts.	Over \$40.00 to \$50.00, 18 cts.
Over \$5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.
Over 30.00 to 40.00, 15 cts.	

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR, Treasurer.

New York, May 1, 1901.

THOS. T. ECKERT,

President and General Manager.

New York, February 20, 1901.

To All Western Union Managers:

You are authorized to send "collect" without the guarantee required by Rule 13, messages of traveling agents or representatives addressed to their home firms, upon sufficient evidence of their connection with those firms.

THOS. T. ECKERT,

President and General Manager.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

JOURNAL OF THE TELEGRAPH

VOL. XXXIV.

NEW YORK, SEPTEMBER 20, 1901

WHOLE NO. 579.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, FOR THE QUARTER ENDING SEPTEMBER 30TH, 1901.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, September 11th, 1901.

The following statement exhibits the condition of the Company at the close of the quarter ended June 30th, 1901:

Surplus April 1st, 1901, as per last Quarterly Report.....	\$9,012,894 75
Net revenues, quarter ended June 30th, 1901.....	1,762,435 75
	\$10,775,330 53

From which appropriating for—

Dividend of 1½ per cent. paid July 15th.....	\$1,217,005 00
Interest on bonded debt....	239,040 00
	1,456,045 00

Left a surplus July 1st, 1901..... \$9,319,285 53

Surplus July 1st, 1901, as above..... \$9,319,285 53

The net revenues for the quarter ending September 30th, instant, based upon nearly completed returns for July, partial returns for August, and estimating the business for September, will be about.....	1,850,000 00
	\$11,169,285 53

From which appropriating for—

Interest on bonded debt.....	239,040 00
	\$10,930,245 53

It requires for a dividend of 1½ per cent. on capital stock issued, about..... 1,217,005 00

Deducting which, leaves a surplus, after paying dividends, of..... \$9,713,240 53

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of October next, to stockholders of record at the close of the transfer books on the 20th day of September, instant.

Resolved, That for the purpose of the Annual Meeting of Stockholders, to be held on Wednesday, the 9th day of October next, and of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of September, instant, and be reopened on the morning of the 10th day of October next.

Respectfully submitted,

THOS. T. ECKERT,
President.

The following is an extract from the late President McKinley's last public speech delivered at Buffalo, N. Y., September 5th, the day before he was shot.

"Isolation is no longer possible or desirable. The same important news is read though in different languages, the same day in all Christendom. The telegraph keeps us advised of what is occurring everywhere and the press foreshadows, with more or less accuracy, the plans and purposes of the nations. Market prices of products and of securities are hourly known in every commercial mart and the investments of the people extend beyond their own national boundaries into the remotest parts of the earth. Vast transactions are conducted and international exchanges are made by the tick of the cable. Every event of interest is immediately bulletined.

"The quick gathering and transmission of news, like rapid transit, are of recent origin, and are only made possible by the genius of the inventor and the courage of the investor. It took a special messenger of the government, with every facility known at the time for rapid travel, nineteen days to go from the City of Washington to New Orleans with a message to General Jackson that the war with England had ceased and a treaty of peace had been signed. How different now.

"We reached General Miles in Porto Rico by cable and he was able through the military telegraph to stop his army on the firing line with the message that the United States and Spain had signed a protocol suspending hostilities. We knew almost instantly of the first shots fired at Santiago and the subsequent surrender of the Spanish forces was known at Washington within less than an hour of its consummation. The first ship of Cervera's fleet had hardly emerged from that historic harbor when the fact was flashed to our capital and the swift destruction that followed was announced immediately through the wonderful medium of telegraphy.

"So accustomed are we to safe and easy communication with distant lands that its temporary interruption, even in ordinary times, results in loss and inconvenience. We shall never forget the days of anxious waiting and awful suspense when no information was permitted to be sent from Peking, and the diplomatic representatives of the nations in China, cut off from all communication, inside and outside of the walled capital, were surrounded by an angry and misguided mob that threatened their lives, nor the joy that thrilled the world when a single message from the government of the United States brought through our minister the first news of the safety of the besieged diplomats.

"At the beginning of the nineteenth century there was not a mile of steam railroad on the globe. Now there are enough miles to make its circuit many times. Then there was not a line of electric telegraph; now we have a vast mileage traversing all lands and all seas. God and man have linked the nations together. No nation can longer be indifferent to any other. And as we are brought more and more in touch with each other the less occasion is there for misunderstandings and the stronger the disposition, when we have differences, to adjust them in the court of arbitration, which is the noblest forum for the settlement of international disputes."

EXECUTIVE OFFICE,

WESTERN UNION TELEGRAPH COMPANY,
New York, September 17, 1901.

Following franks are hereby revoked:

Business frank No. 8541, issued on account of B. & O. R. R.

THOS. F. CLARK,

Vice-President.

At the Annual Reunion of the Old Time Telegraphers Association at Montreal, September 11th, 12th and 13th, Salt Lake City was selected as the place of the next meeting, and the following officers were elected:

G. H. Corse, Salt Lake, President; B. Brooks, Denver, Vice-President; John Brant, New York, Secretary and Treasurer.

Executive Committee.—L. B. McFarlane, Montreal; H. C. Hope, St. Paul; H. J. Pettengill, Boston; J. J. Dickey, Omaha.

About 250 delegates attended the reunion and enjoyed the usual interesting and happy time.

One of the interesting features of the banquet at the Windsor Hall, Montreal, was the address made by Mr. H. P. Dwight, the first speaker of the evening, the not yet venerable President and General Manager of the Great North Western Telegraph Company, by birth a native of New York State, and by adoption a citizen of Canada, who began his telegraph career as an operator in the City of Montreal in 1847, since when he has been a resident of Canada, continuously in the telegraph service therein.

At the annual reunion of the United States Military Telegraph Corps, September 11th, 12th and 13th, Salt Lake City was selected as the place of the next meeting, and the following officers were elected.

W. B. Wilson, Philadelphia, President; W. L. Ives, New York, Vice-President; J. E. Pettit, Chicago, Secretary and Treasurer.

TARIFF BUREAU. MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, September 20, 1901.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The hand **[E]** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

TIME SERVICE.

The following revised schedule of rates for Self-Winding Clock rentals is now in force. Rates for each clock, under yearly contracts, payment quarterly in advance, where there are three or more clocks in any one city or town.

Style of Clock Number.	Dimensions of Case, Inches.	Diameter of Dial, Inches.	Without Seconds Hand.	With Seconds Hand.	Generally Used For
Calendar 18	50 x 18	12	\$12 00	\$15 00	House or Office.
18	50 x 18	12	18 00	21 00	" "
10	30 x 19	14	12 00	15 00	House, Office or Gallery.
12	41 x 34	18	24 00	24 00	Large Rooms or Gallery.
29	30 x 30	18	18 00	18 00	" "
12	49 x 43	24	30 00	30 00	" "
29	36 x 36	24	30 00	30 00	" "
9	70 x 18	12	Not Furnished.	30 00	Jewelers' Regulator.
9	70 x 18	14	"	30 00	" "

At places where there are only two clocks, add \$3 per clock to the \$12 and \$15 rate.

Where there is only one clock—any style—the charge will be \$30 per year.

Standard cases—Walnut, Oak, Cherry.

JOURNAL OF THE TELEGRAPH

VOL. XXXIV.

NEW YORK, SEPTEMBER 20, 1901

WHOLE NO. 579.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, FOR THE QUARTER ENDING SEPTEMBER 30TH, 1901.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, September 11th, 1901.

The following statement exhibits the condition of the Company at the close of the quarter ended June 30th, 1901:

Surplus April 1st, 1901, as per last Quarterly Report.....	\$9,012,894 78

	1,456,045 00

Left a surplus July 1st, 1901.....	\$9,319,285 53
------------------------------------	-----------------------

Surplus July 1st, 1901, as above.....	\$9,319,285 53
---------------------------------------	-----------------------

The net revenues for the quarter ending September 30th, instant, based upon nearly completed returns for July, partial returns for August, and estimating the business for September, will be about.....	1,850,000 00
	\$11,169,285 53

From which appropriating for—

Interest on bonded debt.....	239,040 00
	\$10,930,245 53

It requires for a dividend of 1½ per cent. on capital stock issued, about.....	1,217,005 00
--	--------------

Deducting which, leaves a surplus, after paying dividends, of.....	\$9,713,240 53
--	-----------------------

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of October next, to stockholders of record at the close of the transfer books on the 20th day of September, instant.

Resolved, That for the purpose of the Annual Meeting of Stockholders, to be held on Wednesday, the 9th day of October next, and of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of September, instant, and be reopened on the morning of the 10th day of October next.

Respectfully submitted,

THOS. T. ECKERT,
President.

The following is an extract from the late President McKinley's last public speech delivered at Buffalo, N. Y., September 5th, the day before he was shot.

"Isolation is no longer possible or desirable. The same important news is read though in different languages, the same day in all Christendom. The telegraph keeps us advised of what is occurring everywhere and the press foreshadows, with more or less accuracy, the plans and purposes of the nations. Market prices of products and of securities are hourly known in every commercial mart and the investments of the people extend beyond their own national boundaries into the remotest parts of the earth. Vast transactions are conducted and international exchanges are made by the tick of the cable. Every event of interest is immediately bulletined.

"The quick gathering and transmission of news, like rapid transit, are of recent origin, and are only made possible by the genius of the inventor and the courage of the investor. It took a special messenger of the government, with every facility known at the time for rapid travel, nineteen days to go from the City of Washington to New Orleans with a message to General Jackson that the war with England had ceased and a treaty of peace had been signed. How different now.

"We reached General Miles in Porto Rico by cable and he was able through the military telegraph to stop his army on the firing line with the message that the United States and Spain had signed a protocol suspending hostilities. We knew almost instantly of the first shots fired at Santiago and the subsequent surrender of the Spanish forces was known at Washington within less than an hour of its consummation. The first ship of Cervera's fleet had hardly emerged from that historic harbor when the fact was flashed to our capital and the swift destruction that followed was announced immediately through the wonderful medium of telegraphy.

"So accustomed are we to safe and easy communication with distant lands that its temporary interruption, even in ordinary times, results in loss and inconvenience. We shall never forget the days of anxious waiting and awful suspense when no information was permitted to be sent from Peking, and the diplomatic representatives of the nations in China, cut off from all communication, inside and outside of the walled capital, were surrounded by an angry and misguided mob that threatened their lives, nor the joy that thrilled the world when a single message from the government of the United States brought through our minister the first news of the safety of the besieged diplomats.

"At the beginning of the nineteenth century there was not a mile of steam railroad on the globe. Now there are enough miles to make its circuit many times. Then there was not a line of electric telegraph; now we have a vast mileage traversing all lands and all seas. God and man have linked the nations together. No nation can longer be indifferent to any other. And as we are brought more and more in touch with each other the less occasion is there for misunderstandings and the stronger the disposition, when we have differences, to adjust them in the court of arbitration, which is the noblest forum for the settlement of international disputes."

EXECUTIVE OFFICE,

WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, September 17, 1901.

THOS. F. CLARK,

Vice-President.

At the Annual Reunion of the Old Time Telegraphers Association at Montreal, September 11th, 12th and 13th, Salt Lake City was selected as the place of the next meeting, and the following officers were elected:

G. H. Corse, Salt Lake, President; B. Brooks, Denver, Vice-President; John Brant, New York, Secretary and Treasurer.

Executive Committee.—L. B. McFarlane, Montreal; H. C. Hope, St. Paul; H. J. Pettengill, Boston; J. J. Dickey, Omaha.

About 250 delegates attended the reunion and enjoyed the usual interesting and happy time.

One of the interesting features of the banquet at the Windsor Hall, Montreal, was the address made by Mr. H. P. Dwight, the first speaker of the evening, the not yet venerable President and General Manager of the Great North Western Telegraph Company, by birth a native of New York State, and by adoption a citizen of Canada, who began his telegraph career as an operator in the City of Montreal in 1847, since when he has been a resident of Canada, continuously in the telegraph service therein.

At the annual reunion of the United States Military Telegraph Corps, September 11th, 12th and 13th, Salt Lake City was selected as the place of the next meeting, and the following officers were elected.

W. B. Wilson, Philadelphia, President; W. L. Ives, New York, Vice-President; J. E. Pettit, Chicago, Secretary and Treasurer.

TARIFF BUREAU. MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, September 20, 1901.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The hand **✱** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

CABLES.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rates as those "via Aden" given on pages 553, 554 and 555 of July, 1901, Tariff Book.

JAVA, BORNEO CABLE.

A cable has been laid from Java to Bandjermasin in Borneo. Rate beyond London to Bandjermasin, \$1.33 per word.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

CABLES.—Continued.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 548 to 565, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 495 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00, plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY
NEW YORK, September 18, 1901.

To all Transfer Agents and Offices:

The transfer service has been resumed at Corning N. Y.; Newberne, N. C.; Nyack, N. Y.; and Owego, N. Y.; and temporarily discontinued at Pana, Ill.

The transfer service was resumed at Narragansett Pier, R. I., on August 21st, and discontinued for the season on September 9th.

The transfer service will be resumed at Huntington, W. Va., on October 1st.

The transfer service was temporarily discontinued at Pulaski, Tenn., on September 18th, and will be resumed on October 1st; temporarily discontinued at Waverly, N. Y., on September 1st, and will be resumed on October 1st.

On September 10th, Long Branch, N. J. was reduced from Class B, to Class D; transfer office.

On October 1st, Tampa, Fla., will be advanced from Class D, to Class C, transfer office.

On October 1st, the following offices will be added to the list of transfer offices:

* In A. G. Saylor's district: West Chester, Pa., Class C.

In T. P. Cook's district: Hillsboro, Tex., Class E.

In B. F. Dillon's district: Lake City, Fla., Class E; Tifton, Ga., Class E.

Managers will correct their lists accordingly.

THOMAS T. ECKERT,
President.

To all Transfer Agents:

On October 1st, El Reno, Okla., will be transferred from J. J. Dickey's district to E. M. Mulford, Jr.'s district. On and after that date all transfers for El Reno, Okla., should be addressed to E. M. Mulford, Jr., Transfer Agent, instead of J. J. Dickey, Transfer Agent, as heretofore.

THOS. T. ECKERT,
President.

WESTERN UNION TELEGRAPH COMPANY.

New York, September 11, 1901.

DIVIDEND NO. 132.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this Company, payable at the office of the Treasurer on and after the 15th day of October next, to shareholders of record at the close of the transfer books on the 20th day of September instant.

For the purpose of the annual meeting of stockholders to be held on Wednesday the 9th day of October next, and of the dividend above referred to the transfer books will be closed at three o'clock on the afternoon of September 20th inst., and reopened on the morning of October 10th next.

M. T. WILBUR,
Treasurer.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid gov't. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January, 1898.

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact

amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells, Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3 cts.	Over \$30.00 to \$40.00, 15 cts.
Over \$2.50 to 5.00, 5 cts.	Over 40.00 to 50.00, 18 cts.
Over 5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR, Treasurer.

884 miles of poles were added to the company's system during the year.

There was an increase of 39,613 miles of wire. One-half of this increase was of hard drawn copper wire, which was put up on important and long circuits.

338 additional offices were established.

The number of messages transmitted was 2,489,266 greater than for 1900.

Of the increase of \$1,595,581.30 in the total revenues for the year \$885,502.82 came from regular commercial messages, press dispatches and election returns, \$363,072.47 from leased wires, and the balance of \$347,006.01 from sundry other sources.

The total expenses, as enumerated in the table on page 2, show an increase over 1900 of \$1,075,696.81. This was caused chiefly by the enlargement of the company's plant and the greater volume of business handled. It is accounted for in operating and general expenses \$771,820.40; maintenance and reconstruction of lines, including ocean cable repairs, \$310,426.51; rentals of leased lines \$2,935.91; while slight decreases appear in the items for taxes, due to the adjustment of disputed accounts, and for equipment of offices and wires.

The result of the business of the year was a profit of \$6,685,248.17. For dividends on the capital stock \$4,868,007.50 was paid out, and \$956,160.00 for interest on bonds, leaving a balance of \$861,080.67 to be carried to surplus account.

The average tolls for the messages transmitted by the company's employees were 30.9 cents, and the average cost was 25.1.

For construction \$1,461,142.72 was expended. This outlay covers only new and additional lines and wires, the cost of all reconstruction being always included in the general expenses of the company before a balance is struck.

An outlay of \$5,000 for patents was made.

The surplus account of \$9,319,285.53 represents the undivided profits of the company. This amount has been invested from year to year as it has been earned in new lines, real estate and other valuable assets. The earnings of and income from these investments accrue to the benefit of the stockholders as a part of the revenues of the company.

Respectfully submitted,

THOMAS T. ECKERT,

President.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, October 20, 1901.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The hand [S] indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

M. H. REDDING, Assistant Superintendent in New York City, of the First District, Eastern Division of the Western Union Telegraph Company, died at his home in Brooklyn, N. Y., on October 17th, in the sixtieth year of his age. Nearly 50 years ago, a boy of twelve, Mr. Redding entered the telegraph service in New York City, in which service and which city he passed his entire business life.

His funeral services were attended by a large number of Telegraphic and Masonic friends, who sincerely mourned the loss of a genial, kind-hearted and generous-minded man.

TIME SERVICE.

The following revised schedule of rates for Self-Winding Clock rentals is now in force. Rates for each clock, under yearly contracts, payment quarterly in advance, where there are three or more clocks in any one city or town.

Style of Clock Number.	Dimensions of Case, Inches.	Diameter of Dial, Inches.	Without Seconds Hand.	With Seconds Hand.	Generally Used For
Calendar 18	50 x 18	12	\$12 00	\$15 00	House or Office.
18	50 x 18	12	18 00	21 00	" "
10	30 x 19	14	12 00	15 00	House, Office or Gallery.
12	41 x 34	18	24 00	24 00	Large Rooms or Gallery.
29	30 x 30	18	18 00	18 00	" "
12	49 x 43	24	30 00	30 00	" "
29	36 x 36	24	30 00	30 00	" "
9	70 x 18	12	Not Furnished.	30 00	Jewelers' Regulator.
9	70 x 18	14	"	30 00	" "

At places where there are only two clocks, add \$3 per clock to the \$12 and \$15 rate.

Where there is only one clock—any style—the charge will be \$30 per year.

Standard cases—Walnut, Oak, Cherry.

M. H. REDDING, Assistant Superintendent in New York City, of the First District, Eastern Division of the Western Union Telegraph Company, died at his home in Brooklyn, N. Y., on October 17th, in the sixtieth year of his age. Nearly 50 years ago, a boy of twelve, Mr. Redding entered the telegraph service in New York City, in which service and which city he passed his entire business life.

His funeral services were attended by a large number of Telegraphic and Masonic friends, who sincerely mourned the loss of a genial, kind-hearted and generous-minded man.

TIME SERVICE.

The following revised schedule of rates for Self-Winding Clock rentals is now in force. Rates for each clock, under yearly contracts, payment quarterly in advance, where there are three or more clocks in any one city or town.

Style of Clock Number.	Dimensions of Case, Inches.	Diameter of Dial, Inches.	Without Seconds Hand.	With Seconds Hand.	Generally Used For	
Calendar	18	50 x 18	12	\$12 00	\$15 00	House or Office.
	18	50 x 18	12	18 00	21 00	" "
	10	30 x 19	14	12 00	15 00	House, Office or Gallery.
	12	41 x 34	18	24 00	24 00	Large Rooms or Gallery.
	29	30 x 30	18	18 00	18 00	" "
	12	49 x 43	24	30 00	30 00	" "
	29	36 x 36	24	30 00	30 00	" "
	9	70 x 18	12	Not Furnished.	30 00	Jewelers' Regulator.
	9	70 x 18	14	"	30 00	" "

At places where there are only two clocks, add \$3 per clock to the \$12 and \$15 rate.

Where there is only one clock—any style—the charge will be \$30 per year.

Standard cases—Walnut, Oak, Cherry.

THOS. T. ECKERT,
NEW YORK, May 1, 1901.

President and General Manager.

In the New York Times Jubilee Number of September 18, 1901, issued on the fiftieth anniversary of its establishment, there is contained the following:

Western Union Telegraph Company.

Organized April 8th, 1851.

1851 ... 550 Miles of Wire

1901 ... 1,000,000 Miles of Wire

1851 Number of Offices, about 12

1901 Number of Offices, 23,000

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

Those now in the telegraph business who were engaged therein prior to 1850 are:

TARIFF BUREAU. MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, NOVEMBER 20, 1901.

The following list of "changes" corrects the Tariff Book "of July, 1901" to date.

The hand **(S)** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Amador, Calif., which was formerly a three star station, but which is now a Western Union office in Square 1247.

See Special Notices at end of this circular.

VOL. XXXIV.

NEW YORK, DECEMBER 20, 1901

WHOLE NO. 582.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, FOR THE QUARTER ENDING DECEMBER 31ST, 1901.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, December 11th, 1901.

The following statement exhibits the condition of the Company at the close of the quarter ended September 30th, 1901:

Surplus July 1st, 1901, as per last Quarterly Report.....\$9,319,285 53
Net revenues, quarter ended September 30th, 1901.....1,949,316 46
\$11,268,601 99

From which appropriating for—

Dividend of 1½ per cent.
paid October 15th....\$1,217,005 00
Interest on bonded debt... 239,040 00
1,456,045 00

Left a surplus October 1st, 1901.....\$9,812,556 99

Surplus October 1st, 1901, as above.....\$9,812,556 99

The net revenues for the quarter ending December 31st, instant, based upon nearly completed returns for October, partial returns for November, and estimating the business for December will be about.....1,850,000 00
\$11,662,556 99

From which appropriating for—

Interest on bonded debt..... 244,000 00
\$11,418,556 99

It requires for a dividend of 1½ per cent.
on capital stock issued, about..... 1,217,005 00

Deducting which, leaves a surplus, after
paying dividends, of.....\$10,201,551 99

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of January next, to stockholders of record at the close of the transfer books on the 20th day of December, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of December, instant, and be reopened on the morning of the 2d day of January next.

Respectfully submitted,

THOS. T. ECKERT,
President.

TIME SERVICE.

The following revised schedule of rates for Self-Winding Clock rentals is now in force. Rates for each clock, under yearly contracts, payment quarterly in advance, where there are three or more clocks in any one city or town.

Style of Clock Number.	Dimensions of Case, Inches.	Diameter of Dial, Inches.	Without Seconds Hand.	With Seconds Hand.	Generally Used For
Calendar 18	50 x 18	12	\$12 00	\$15 00	House or Office.
18	50 x 18	12	18 00	21 00	" "
10	30 x 19	14	12 00	15 00	House, Office or Gallery.
12	41 x 34	18	24 00	24 00	Large Rooms or Gallery.
29	30 x 30	18	18 00	18 00	" "
12	49 x 43	24	30 00	30 00	" "
29	36 x 36	24	30 00	30 00	" "
19	70 x 18	12	Not Furnished.	30 00	Jewelers' Regulator.
9	70 x 18	14	"	30 00	" "

At places where there are only two clocks, add \$3 per clock to the \$12 and \$15 rate.

Where there is only one clock—any style—the charge will be \$30 per year.

Standard cases—Walnut, Oak, Cherry.

NEW YORK, May 1, 1901.

THOS. T. ECKERT,

President and General Manager.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, December 18, 1901.

To all Transfer Agents and Offices:

The transfer service has been resumed at Catskill, N. Y., temporarily discontinued at Baton Rouge, La., and Parkersburg, W. Va., and permanently discontinued at Durham, Ont.

The transfer service was temporarily discontinued at Frankfort, Ky., on November 30th, and resumed on December 10th.

The transfer service will be resumed at Greenville, S. C., and Palm Beach, Fla., on January 2nd.

On January 2nd, Waco, Texas, will be advanced from Class D, to Class B, transfer office.

Managers will correct their lists accordingly.

On November 19th, J. B. Twiford was appointed Transfer Agent at Salt Lake City, Utah, vice A. M. Fisher.

THOMAS T. ECKERT,
President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, December 11th, 1901.

DIVIDEND NO. 133.

The board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this Company, payable at the office of the Treasurer on and after the 15th day of January next, to stockholders of record at the close of the transfer books on the 20th day of December, inst.

The transfer books will be closed at three o'clock on the afternoon of December 20th inst., and reopened on the morning of January 2d next.

M. T. WILBUR,
Treasurer.

INFORMATION WANTED

As to Charles W. Hanson, Operator, aged about 25 years, when last heard from was working for Western Union at Bessemer, Mich. Relatives have met with affliction and anxious to locate him.

Address B. D. Rowell,
Mgr. W. U. Tel. Office,
Norwalk, Ohio.

NEW YORK, February 20, 1901.

To All Western Union Managers:

You are authorized to send "collect" without the guarantee required by Rule 13, messages of traveling agents or representatives addressed to their home firms, upon sufficient evidence of their connection with those firms.

President and General Manager

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, December 20, 1901.

The January, 1902, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before January 1, when the new book takes effect.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any errors which they may discover.

The following list of "changes" (nearly all of which were sent in too late for the new book) corrects the Tariff Book "of January, 1902" to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Pinehurst, N. C., which was formerly a three star station, but which is now a Western Union office in Square 125.

See Special Notices at end of this circular.

CABLES.**AFRICA.**

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rate as those "via Aden" given on pages 516, 517 and 518, of January, 1902, Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 511 to 528, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 457 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY
NEW YORK, January 18, 1902.

To all Transfer Agents and Offices:

The transfer service has been resumed at Baton Rouge, La., Chester, Pa., and Parkersburg, W. Va., and temporarily discontinued at Goldsboro, N. C., Urbana, Ohio, and Wilson, N. C.

The transfer service was temporarily discontinued at Passaic, N. J., on December 23d, and resumed on January 3d, temporarily discontinued at Waverly, N. Y., on December 23d, and resumed on January 2d.

On January 2d, Tampa, Fla., was advanced from Class C, to Class B, transfer office.

In the list of transfer offices in the Tariff Book for January 1902, Waynesboro, Pa., is given in J. J. Dickey's district, should read A. G. Saylor.

Managers should correct their lists accordingly.

THOMAS T. ECKERT,
President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

TIME SERVICE.

The following revised schedule of rates for Self-Winding Clock rentals is now in force. Rates for each clock, under yearly contracts, payment quarterly in advance, where there are three or more clocks in any one city or town.

Style of Clock Number.	Dimensions of Case, Inches.	Diameter of Dial, Inches.	Without Seconds Hand.	With Seconds Hand.	Generally Used For
Calendar	18 50 x 18	12	\$12 00	\$15 00	House or Office.
	18 50 x 18	12	18 00	21 00	" "
	10 30 x 19	14	12 00	15 00	House, Office or Gallery.
	12 41 x 34	18	24 00	24 00	Large Rooms or Gallery.
	29 30 x 30	18	18 00	18 00	" "
	12 49 x 43	24	30 00	30 00	" "
	29 36 x 36	24	30 00	30 00	" "
	9 70 x 18	12	Not Furnished.	30 00	Jewelers' Regulator.
	9 70 x 18	14	"	30 00	" "

At places where there are only two clocks, add \$3 per clock to the \$12 and \$15 rate.

Where there is only one clock—any style—the charge will be \$30 per year.

Standard cases—Walnut, Oak, Cherry.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January 20, 1902.

Many offices do not make correct entries of their State and Total receipts on the back of their check reports. In many cases there is no entry either for State or Total receipts; in other cases only the Totals are given and in others only the State figures are put down. Frequently the figures given are the same for State as for Total, although the figures inside of the report show a greater or lesser difference. There are many instances in which the figures given are very inaccurate, and unreliable. It is very important that they should be correct, and in accordance with the printed instructions on the back of the report. The careful attention of managers to this matter is particularly requested.

The following list of "changes" corrects the Tariff Book "of January, 1902" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Pinehurst, N. C., which was formerly a three star station, but which is now a Western Union office in Square 125.

TIME SERVICE.

The following revised schedule of rates for Self-Winding Clock rentals is now in force. Rates for each clock, under yearly contracts, payment quarterly in advance, where there are three or more clocks in any one city or town.

Style of Clock Number.	Dimensions of Case, Inches.	Diameter of Dial, Inches.	Without Seconds Hand.	With Seconds Hand.	Generally Used For	
Calendar	18	50 x 18	12	\$12 00	\$15 00	House or Office.
	18	50 x 18	12	18 00	21 00	" "
	10	30 x 19	14	12 00	15 00	House, Office or Gallery.
	12	41 x 34	18	24 00	24 00	Large Rooms or Gallery.
	20	30 x 30	18	18 00	18 00	" "
	12	49 x 43	24	30 00	30 00	" "
	20	36 x 36	24	30 00	30 00	" "
	9	70 x 18	12	Not Furnished.	30 00	Jewelers' Regulator.
	9	70 x 18	14	"	30 00	" "

At places where there are only two clocks, add \$3 per clock to the \$12 and \$15 rate.

Where there is only one clock—any style—the charge will be \$30 per year.

Standard cases—Walnut, Oak, Cherry.

NEW YORK, May 1, 1901.

THOS. T. ECKERT,

President and General Manager.

TRANSFER SERVICE.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, February 19, 1902.

To all Transfer Agents and Offices:

The transfer service has been resumed at Goldsboro, N. C., Urbana, Ohio, and Wilson, N. C.

The transfer service was temporarily discontinued at Paterson, N. J., on February 10th, and resumed on February 17th; temporarily discontinued at Chester, S. C., on January 22d, and resumed on February 18th; temporarily discontinued at Peekskill, N. Y., on February 13th, and resumed on February 19th.

On March 1st, Richmond, Ky., will be added to the list of Class E, transfer offices in J. Compton's district, and on same date, Pottsville, Pa., will be advanced from Class D, to Class C, transfer office.

In the list of transfer offices in Tariff Book of January, 1902, is Huntingdon, Pa., it should read Huntingdon, Pa.

Managers will correct their lists accordingly.

THOS. T. ECKERT,
President.

UNITED STATES government messages sent by ARMY officers, that are written upon the blue Form No. 87 for WAR DEPARTMENT OFFICIAL TELEGRAMS furnished by the QUARTERMASTER'S DEPARTMENT UNITED STATES ARMY, should always be checked "paid govt. rate" WITHOUT REQUIRING PAYMENT FROM THEIR SENDERS.

Such messages should be taken credit for in the Western Union monthly Form No. 4 Report Account Current, for collection from the government, the original messages being returned therewith, as vouchers for such credit taken.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, February 20, 1902.

The following list of "changes" corrects the Tariff Book "of January, 1902" to date.

The hand **[3]** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Pinehurst, N. C., which was formerly a three star station, but which is now a Western Union office in Square 125.

See Special Notices at end of this circular.

Correct Tariff Book, pages 518 and 519.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rate as these "via Aden" given on pages 516, 517 and 518, of January, 1902, Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Ocean Steamers. The arrival of any steamship at the Port of New-York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

THOS. T. ECKERT,
President.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, March 20, 1902.

STATE RATES.

The following changes in State Rates will take effect April 1, 1902:

Western Union offices in Arkansas (except Helena) will make their State Rate to Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut 60 and 4 for day, 50 and 3 for night messages.

Western Union offices in Louisiana will make their State Rate to Kansas City, Mo., 50 and 3 for day, 40 and 3 for night messages.

Western Union offices in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut will make their State Rate to Arkansas offices (except Helena) 60 and 4 for day, 50 and 3 for night messages.

Western Union offices in Texas, except those marked (West) in Tariff Book or JOURNAL, will make their State Rate to Memphis, Tenn., Kansas City, Mo., and St. Louis, Mo., 50 and 3 for day, 40 and 3 for night messages.

The following list of "changes" corrects the Tariff Book "of January, 1902" to date.

The hand **33** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Pinehurst, N. C., which was formerly a three star station, but which is now a Western Union office in Square 125.

See Special Notices at end of this circular.

CABLES.

The following changes in cable rates beyond London are now in force:

	Word rates beyond London
Burmah, via Eastern or Indo	\$0.61
Ceylon, " " "	.63
India, " " "	.61

Correct Tariff Book, pages 518 and 519.

The following changes in cable rates beyond London via the Eastern or Indo route, will take effect April 1, 1902:

	Word rates beyond London
BALI ISLAND:	
Boceleng	\$1.08
BORNEO:	
Bandjermasin	1.08
CELEBES ISLAND:	
Macassar	1.08
JAVA	.98
LOMBOK ISLAND	1.08
MADURA ISLAND	1.08
MALAY PENINSULA:	
Jebebu	.86
Malacca	.86
Pahang	.86
Perak	.86
Selangor	.86
Sungie Ujong	.86
PENANG	.86
SINGAPORE	.86
SUMATRA	1.08
WEH ISLAND	1.08

Correct Tariff Book, pages 518, 519, 520 and 521.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rate as those "via Aden" given on pages 516, 517 and 518, of January, 1902, Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 511 to 528, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 457 of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

**TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, January, 1898.**

To Superintendents: I beg to call your attention to the following instructions (intended as a revision of circular of October 25, 1881) which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells, Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3 cts.	Over \$30.00 to \$40.00, 15 cts.
Over \$2.50 to 5.00, 5 cts.	Over 40.00 to 50.00, 18 cts.
Over 5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00 30 cts.

Managers of offices on the lines of either of the above express companies should remit express money orders (excepting where bank drafts can be obtained at less expense.)

Third. If neither bank draft nor express money order can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, express money order nor post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

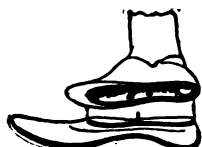

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR, Treasurer.

NEW YORK, APRIL 20, 1902.

THE following appointment of the President and General Manager of the Western Union Telegraph Co. is effected May 1st, 1902:

B. Brooks, General Superintendent of the Eastern Division at New York, vice C. A. Tinker, resigned.

EDWARD H. PERKINS, JR., a Director of the Western Union Telegraph Co., and President of the Importers and Traders Bank of New York City, died in that city on April 12th.

GEORGE SENF, formerly Manager of the Western Union Telegraph Co. at Sacramento, California, and the oldest active telegrapher on the Pacific Coast, died at San Francisco on the 3rd inst., aged 75 years. He was in the telegraph service 50 years, having commenced therein at Attica, N. Y., in 1852, and for 48 years thereof he was on the Pacific Coast.

CHARLES A. TINKER, for the past twenty years General Superintendent of the Eastern Division of the Western Union Telegraph Co., has resigned, and on May 1st retires from the telegraph service.

A native of Vermont, Mr. Tinker learned telegraphy at Northfield, Vt., when fourteen years of age, and soon thereafter was appointed Manager of the Vermont and Boston Telegraph Co.'s office at that place. With the exception of one year, he has been continuously in the telegraph service since 1852, passing up through all the stages to the position he now vacates.

During the Civil War he was in the United States military telegraph service, with the Army of the Potomac, and at the War Department, Washington, where he was associated with Gen'l T. T. Eckert, Gen'l Anson Stager, A. B. Chandler and D. H. Bates. In those days, he saw much of the late President Lincoln, with whom his duties brought him into close association, and of whose characteristics and quaint sayings he retains vivid recollections.

After the close of the war, he became, in 1866, the Western Union Co.'s Manager at Washington, D. C.; in 1872, Joint Superintendent of Telegraph for the Western Union Co. and Central Vermont R. R. Co.; in 1875, General Superintendent of the Atlantic and Pacific Telegraph Co.; in 1879, Superintendent of Telegraph of the Baltimore and Ohio R. R., and in 1882, General Superintendent of the Eastern Division of the Western Union Telegraph Co.

Mr. Tinker's retirement is in fulfillment of a long contemplated purpose to do so at the end of his fiftieth year in the service. He has arranged to make his home with his daughter at St. Albans, Vt., and is planning a trip to Europe in the near future to visit his son and family, now residing in Dresden, Germany.

C. B. HORTON, Assistant Superintendent, Third District, Western Division, Western Union Telegraph Co., has been transferred to Denver from Omaha, vice B. Brooks, transferred to New York, as General Superintendent, Eastern Division, Western Union Telegraph Co.

J. C. NELSON, has been appointed Assistant Superintendent, Third District, Western Division, Western Union Telegraph Co., at Omaha, vice C. B. Horton, Assistant Superintendent, transferred.

D. R. DAVIES, Superintendent of Construction, Fourth District, Western Division, Western Union Telegraph Co., has been transferred from San Francisco to Chicago, and appointed Superintendent of Construction of the Western Division of the Western Union Telegraph Co., vice C. H. Bristol, transferred to New York as General Super-

intendent of Construction of the Western Union Telegraph Co.

L. McKISICK, Assistant Superintendent, Fourth District, Western Division, Western Union Telegraph Co., has been appointed Electrician of the Western Division of the Western Union Telegraph Co., with headquarters at Chicago, vice J. C. Barclay, transferred to New York as Electrical Engineer of the Western Union Telegraph Co.

G. F. SWORTFINGER has been appointed Superintendent of Construction of the Eastern and Southern Divisions of the Western Union Telegraph Company, with headquarters at New York City.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April 20, 1902.

STATE RATES.

The following changes in State Rates were put in effect April 1, 1902.

State Rate from Western Union offices in Arkansas (except Helena) to Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut 60 and 4 for day, 50 and 3 for night messages.

State Rate from Western Union offices in Louisiana to Kansas City, Mo., 50 and 3 for day, 40 and 3 for night messages.

State Rate from Western Union offices in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut to Arkansas offices (except Helena) 60 and 4 for day, 50 and 3 for night messages.

State Rate from Western Union offices in Texas, except those marked (West) in Tariff Book or JOURNAL, to Memphis, Tenn., Kansas City, Mo., and St. Louis, Mo., 50 and 3 for day, 40 and 3 for night messages.

The following list of "changes" corrects the Tariff Book "of January, 1902" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Pinchurst, N. C., which was formerly a three star station, but which is now a Western Union office in Square 125.

See Special Notices at end of this circular.

Correct Tariff Book, pages 518, 519, 520 and 521.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rate as those "via Aden" given on pages 516, 517 and 518, of January, 1902, Tariff Book.

The following advice has been received from Berne:

"The British Administration remarks that no new edition of any of the codes authorized for use in telegrams for certain places in Africa, East and South, can be substituted for the edition deposited by the various governments, without the express sanction of the Government by which the code has been deposited."

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connection

To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 511 to 528, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 457, of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

ROBERT C. CLOWRY,
President.

General Agent

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells, Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3 cts.	Over \$30.00 to \$40.00, 15 cts.
Over \$2.50 to 5.00, 5 cts.	Over 40.00 to 50.00, 18 cts.
Over 5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.

Managers of offices on the lines of either of the above named express companies should remit express orders (excepting where bank draft or bankers' money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

AFRICA.

During the continuance of the war in South Africa, telegrams forwarded via the West Coast and Cape Town to East Coast places in consequence of interruption will be charged the same rate as those "via Aden" given on pages 516, 517 and 518, of January, 1902, Tariff Book.

The following advice has been received from Berne:

"The British Administration remarks that no new edition of any of the codes authorized for use in telegrams for certain places in Africa, East and South, can be substituted for the edition deposited by the various governments, without the express sanction of the Government by which the code has been deposited."

NEW YORK, JUNE 20, 1902.

ON July 1, 1902, there will be established the Pacific Division of the Western Union Telegraph Co., Frank Jaynes, General Superintendent, San Francisco, Cal.

The First District, Superintendent, will be Frank Lamb, San Francisco, Cal. The Second District, Superintendent, will be T. W. Goulding, Seattle, Wash.

The Fourth District Western Division will be discontinued.

HERBERT SMITH, of the Superintendent's office of the First District Eastern Division Western Union Telegraph Co., has been appointed Assistant Superintendent of that District.

SIDNEY B. GIFFORD, Superintendent at Syracuse, N. Y., of the Fifth District Eastern Division Western Union Telegraph Company, resigned June 1, 1902, when he retired after a continuous telegraph service since 1850.

Mr. Gifford was born at Syracuse, where he was first a telegraph messenger and then an operator for the New York, Albany and Buffalo Telegraph Co. From 1850 until 1864 he was employed with that Company at Canojaharie, N. Y., Auburn, N. Y., and New York City, when he returned to Syracuse where he has since continuously resided. On January 1, 1864, the New York, Albany and Buffalo Telegraph Co. was consolidated with the Western Union Telegraph Co., and soon thereafter, first under the super-

intendency of the late J. D. Reid and later under that of G. W. Balch, Mr. Gifford became assistant superintendent of the lines between Albany and Buffalo.

In 1867, on the retirement from the telegraph service of Mr. Balch, he became superintendent of the Fifth District of the Eastern Division of the Western Union Co.

WILLIAM B. GILL, Superintendent at Philadelphia of the Sixth District, Eastern Division Western Union Telegraph Company, resigned June 1, 1902, after forty-one years of telegraph service with various companies and in various capacities, from messenger boy to superintendent—thirty-four years of which was with the Western Union Telegraph Company, twenty years thereof being as Superintendent of its Sixth District, Eastern Division.

CHARLES H. ERWIN, Ass't Superintendent of the First District, Eastern Division of the Western Union Telegraph Company, resigned thereas on June 1st, and has retired from the telegraph service after upwards of forty years engagement therein, during more than one-half of which period he occupied the position he has resigned from. He was manager at New York, of the Pacific and Atlantic Telegraph Company prior to 1874, and was an operator at Philadelphia for the Atlantic & Ohio Telegraph Company in 1864, having learned the art of telegraphing when a boy at his native town, Columbia, Pa., where he became an operator in 1861.

CHARLES F. WOOD, one of the oldest telegraphers, died at Newton, Mass., near Boston, June 14th, aged 85 years. Mr. Wood entered the telegraph service at Washington, D. C., in 1848, as an operator for the Magnetic Telegraph Company, extending from Washington to New York, and the first telegraph company organized. In 1851, he became manager of the New York office of that Company, and later its General Superintendent. In 1853, he was made Superintendent of the New York & New England Union Telegraph Company, when he removed to Boston, continuing as Superintendent of the American Telegraph Co. and the Western Union Telegraph Co. until 1881, and remaining thereafter in the service of the latter Company at Boston until his death. His telegraph career covered a period of fifty-four years. When it began, business between New York and Washington had to be intermediately repeated—and it was regarded as a great triumph when the direct working through between New York and Washington without intermediate repeating was accomplished. Before it ended, the direct working through between New York and San Francisco was done daily, in regular course of business.

A genial, lovable gentleman, he lived a long and honorable life and died at a ripe old age.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY, FOR THE QUARTER ENDING JUNE 30th, 1902.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 11th, 1902.

---	------------------------

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of July next, to stockholders of record at the close of the transfer books on the 20th day of June, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of June, instant, and be reopened on the morning of the 1st day of July next.

Respectfully submitted,
R. C. CLOWRY,
President.

M. W. Hamblin from Milwaukee to New York.
C. F. Ames from Des Moines to Boston.
A. A. Brown from Cincinnati to Pittsburgh.
F. V. Moffitt from Sioux City to Milwaukee.
W. H. Dolbear, from Keokuk to Des Moines.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, June 20, 1902.

Offices are requested to forward to Saratoga, N. Y., copies of messages received from or sent to that office from June 1st to 8th, both inclusive.

The July, 1902, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before July 1, when the new book takes effect.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any errors which they may discover.

The following list of "changes" corrects the Tariff Book "of July, 1902" to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Gardiner, Mont., which was formerly a three star station, but which is now a Western Union office in Square 944.

See Special Notices at end of this circular.

- Correct Tariff Book, pages 524 and 525.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 519 to 536, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 465, of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

President.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern

Pacific, Pacific, Southern, United States, Wells, Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3 cts.	Over \$30.00 to \$40.00, 15 cts.
Over \$2.50 to 5.00, 5 cts.	Over 40.00 to 50.00, 18 cts.
Over 5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.

Managers of offices on the lines of either of the above named express companies should remit express orders (excepting where bank draft or bankers' money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer

CABLES.

The following changes in cable word rates beyond London, are now in force.

To GERMAN EAST AFRICA, VIA ADEN:

- Bismarcksburg.....\$0.88
- All other offices......78

NIGERIA, VIA LISBON, OR VIA CADIZ:

- Bonny..... 1.53
- Brass..... 1.53
- Lagos..... 1.53
- All other offices..... 1.57

GERMAN WEST AFRICA, VIA LISBON, OR VIA CADIZ:

- Cameroons..... 1.57
- Correct Tariff Book, pages 524 and 525.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misssent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 519 to 536, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 465, of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department New York City.

WM. HOLMES,
Supt.

TREASURER'S OFFICE, WESTERN UNION TELEGRAPH COMPANY, NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the Treasurer as cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells, Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3 cts.	Over \$30.00 to \$40.00, 15 cts.
Over \$2.50 to 5.00, 5 cts.	Over 40.00 to 50.00, 18 cts.
Over 5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.

Managers of offices on the lines of either of the above named express companies should remit express orders (excepting where bank draft or bankers' money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

Correct Tariff Book, pages 524 and 525.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmeries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and Journal should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

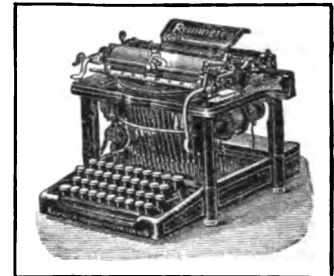

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 519 to 536, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 465, of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department New York City.

WM. HOLMES,
Supt.

THE REMINGTON TYPEWRITER

Combines in the best way every quality necessary in the telegraph operator's machine. It is strong, reliable, durable and simple; easy to learn and easy to operate. It makes very little noise—not enough to interfere with the sounder. Its compact keyboard gives it the highest speed and the work it turns out is always first-class.

JOURNAL OF THE TELEGRAPH

VOL. XXXV.

NEW YORK, SEPTEMBER 20, 1902

WHOLE NO. 591.

The following changes are in effect in the Eastern and Southern Divisions of the Western Union Telegraph Co., from September 1st, 1902:

James Merrihew, General Superintendent of the Southern Division having resigned, the Southern Division has been abolished and the lines and offices embraced therein included in the territory of the Eastern Division, B. Brooks, General Superintendent, with headquarters at New York.

In consequence thereof, the several Districts of the enlarged Eastern Division have been rearranged and redesignated numerically, as follows:

First District, E. M. Mulford, Superintendent, New York	Formerly First and Fifth Dists., East. Div.
Second District, F. L. Blendinger, Superintendent, New York	" Seventh District, " "
Third District, E. B. Saylor, Superintendent, Pittsburgh, Pa.	" Eighth District, " "
Fourth District, J. P. Altberger, Superintendent, Phila., Pa.	" Sixth District, " "
Fifth District, C. E. Page, Superintendent, Boston, Mass.	" Third and Fourth Dists., " "
Sixth District, D. C. Dawson, Superintendent, St. John, N. B.	" Second District, " "
Seventh District, J. B. Tree, Superintendent, Richmond, Va.	" First District, Southern Div.
Eighth District, J. M. Stephens, Superintendent, Atlanta, Ga.	" Fourth District, " "
Ninth District, B. F. Dillon, Superintendent, Jacksonville, Fla.	" Fifth District, " "
Tenth District, J. Compton, Superintendent, Nashville, Tenn.	" Second District, " "
Eleventh District, J. A. Brenner, Superintendent, Augusta, Ga.	" Third District, " "

FOLLOWING are changes in the Western Union Telegraph Co.'s service:

E. B. Saylor, appointed Superintendent of the Third District (formerly Eighth District), Eastern Division, headquarters at Pittsburgh, vice J. D. Flynn, resigned.

R. C. Bliss, transferred from Manager at Springfield, O., to be Manager at Cincinnati, vice C. E. Page, transferred to Boston as Superintendent of Fifth District (formerly Third and Fourth Districts), Eastern Division.

J. V. O'Brien promoted to be Manager at San Francisco, vice T. W. Reynolds, deceased.

A. C. N. Thompson, transferred from Manager at Middletown, N. Y., to be Manager at Paterson, N. J., vice C. W. Schofield, resigned.

JAMES MERRIHEW, for the past eighteen years General Superintendent of the Southern Division of the Western Union Telegraph Company, resigned on September 1st, and after fifty-three years of continuous telegraph service retires therefrom. Mr. Merrihew entered the telegraph service at Wilmington, Del., in 1849, as messenger for the Magnetic Telegraph Co., which was the pioneer telegraph company. In 1852 he was operator at New Hope, Pa., and in 1853, manager at Newark, N. J. Later he was employed in Philadelphia and in New York City, returning to Philadelphia in 1857, where he remained for nearly twenty-five years, advancing from operator to chief operator, to manager and to superintendent. In 1880 he removed to New York, where he has since remained, becoming Assistant General Superintendent and General Superintendent.

A typical example of the experienced and practical telegraph manager, by faithful and intelligent performance of duty, he meritoriously advanced through all its grades of service.

WESTERN UNION TELEGRAPH COMPANY. NEW YORK, September 10th, 1902. DIVIDEND NO. 136.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this Company, payable at the office of the Treasurer on and after the 15th day of October next to shareholders of record at the close of the transfer books on the 20th day of September instant.

For the purpose of the Annual Meeting of Stockholders, to be held on Wednesday, the 8th day of October next, and of the dividend above referred to, the transfer books will be closed at three o'clock on the afternoon of September 20th inst., and reopened on the morning of October 9th next.

M. T. WILBUR,
Treasurer.

At the annual convention of the Old Time Telegraphers' and Historical Association, held at Salt Lake City, on September 10th, the following were elected officers for the ensuing year and Milwaukee, Wis., was selected as the next place of meeting: U. J. Fry, Milwaukee, President; W. J. Lloyd, Chicago, Vice-President; John Brant, New York, Secretary-Treasurer.

At the annual convention of the United States Military Telegraph Corps, held at Salt Lake City, on September 10th, the following were re-elected officers for the ensuing year, and Milwaukee was selected as the next place of meeting: W. B. Wilson, Philadelphia, President; W. L. Ives, New York, Vice-President; J. E. Pettit, Chicago, Secretary-Treasurer.

QUARTERLY REPORT OF THE WESTERN UNION TELEGRAPH COMPANY FOR THE QUARTER ENDING SEPTEMBER 30th, 1902.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, September 10th, 1902.

The following statement exhibits the condition of the Company at the close of the quarter ended June 30th, 1902:

Surplus April 1st, 1902, as per last Quarterly Report.....	\$10,330,305 90

In view of the preceding statements, the Committee recommend the adoption by the Board of the following:

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of October next, to stockholders of record at the close of the transfer books on the 20th day of September, instant.

Resolved, That for the purpose of the Annual Meeting of Stockholders, to be held on Wednesday, the 8th day of October next, and of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of September, instant, and be reopened on the morning of the 9th day of October next.

Respectfully submitted,

R. C. CLOWRY,
President.

TARIFF BUREAU. MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, September 20, 1902.

The following list of "changes" corrects the Tariff Book of "July, 1902" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Hamburg, Ark., which was formerly a three star station, but which is now a Western Union office in Square 447.

See Special Notices at end of this circular.

The administrations of Salvador, Guatemala, Honduras and Costa Rica will now investigate complaints of service, and refund charges for errors of service on their lines. The foot note, page 531 of Tariff Book, should be modified accordingly.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misssent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from office on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 519 to 536, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 465, of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department New York City.

WM. HOLMES,
Supt.

TRANSFER SERVICE.

WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, September 18, 1902.

To all Transfer Agents and Offices:

The transfer service has been resumed at Brad-dock, Pa., Owego, N. Y., Pana, Ill., Passaic, N. J., and Pulaski, Tenn., discontinued at Yreka, Cal., and temporarily discontinued at Kane, Pa., Huntington, W. Va., and Newberne, N. C.

The transfer service was temporarily discontinued at Bath, Steuben Co., N. Y., on August 22d, resumed on September 6th, and temporarily discontinued on the 8th, temporarily discontinued at Port Jervis, N. Y., and Waverly, N. Y., on August 23d, and resumed on September 3d, temporarily discontinued at Colfax, Wash., on August 23d, and resumed on September 18th.

On September 1st, Fairmount, W. Va., was advanced from Class E to Class C, and Pontiac, Ill., from Class E to Class D, transfer offices.

On September 5th, Long Branch, N. J., was reduced from Class B to Class D, transfer office.

On October 1st, Lakewood, N. J., will be added to the list of Class C, transfer offices in E. G. Carley's district, and on the same date Marquette, Mich., and Pasadena, Cal., will be advanced from Class D to Class C, transfer offices.

Managers will correct their lists accordingly.

M. T. WILBUR,
Treasurer.

To all Transfer Agents:

On August 21st, R. C. Bliss was appointed Transfer Agent at Cincinnati, Ohio, vice C. E. Page.

On August 28th, C. Vincent was appointed Acting Transfer Agent at San Francisco, Cal., vice T. H. Reynolds.

On August 29th, J. V. O'Brien was appointed Transfer Agent at San Francisco, Cal., vice C. Vincent, Acting Transfer Agent.

On September 1st, E. B. Saylor was appointed Transfer Agent at Pittsburg, Pa., vice J. D. Flynn.

On September 24th, George D. Perry will be appointed Transfer Agent of the Great North Western Telegraph Company, vice Arthur Cox.

The special attention of Transfer Agents is called to the fact that the transmission by telegraph of a notice to all our Transfer Agents and (nearly nine hundred) offices, is a serious burden upon our wires and should not be asked for EXCEPT in urgent cases where the interests of the Company might suffer by delay.

The temporary discontinuance of the transfer service at an office might properly be considered "urgent," but the resumption of such service is a different matter and, in the large majority of cases,

might, as well, be announced through the columns of the JOURNAL, to take effect from the first day of the month following the date of issue.

Hereafter, in advising of the resumption of the transfer service at an office in your district, please state whether there are special reasons for announcing such resumption by telegraph.

M. T. WILBUR,
Treasurer.

VOL. XXXV.

NEW YORK, OCTOBER 20, 1902

WHOLE NO. 592.

ANNUAL REPORT OF THE PRESIDENT OF THE WESTERN UNION TELEGRAPH COMPANY FOR THE YEAR ENDED JUNE 30, 1902.

APPROVED BY THE EXECUTIVE COMMITTEE AND
ORDERED TO BE SUBMITTED TO
THE STOCKHOLDERS.

CAPITAL STOCK.

The capital stock outstanding is unchanged, namely, \$97,370,000.00, of which \$29,495.86 belongs to and is in the treasury of the company.

BONDED DEBT.

The bonded debt at the close of the year was as follows:

Funding and Real Estate Mortgage Bonds due May 1, 1950, four and one-half per cent.....	\$13,000,000 00
Collateral Trust Bonds due January 1, 1938, against which bonds and stocks bearing the company's guarantee of interest or dividends at six per cent. per annum have been deposited with the trustee, five per cent. ...	8,504,000 00
	\$21,504,000 00

During the year the \$1,158,000.00, seven per cent. Building Bonds, due May 1, 1902, were paid off and retired. To provide the money necessary for that purpose, \$1,000,000.00 four and one-half per cent. Funding and Real Estate Mortgage Bonds were issued. \$2,000,000.00 of the same class of bonds were also issued under resolutions of the Board of Directors, prescribing that the proceeds thereof are to be used solely for or on account of the purchases of improvements, betterments, and extensions of the property of the company; \$2,000.00 Collateral Trust Five Per Cent. Bonds were exchanged for the same amount of the capital stock of the New York Mutual Telegraph Company upon which dividends, at the rate of six per cent. per annum, were paid. The bonded debt of the Company has, therefore, been increased from \$19,660,000.00, as shown in the last annual report, to \$21,504,000.00, as shown above. The increase of the interest charges is, however, only \$54,040.00 per annum.

BUSINESS OF THE YEAR.

	Year ended June 30th, 1901.	Year ended June 30th, 1902.	Increase.

Maintenance and reconstruction of lines.....	3,591,065 17
Taxes.....	575,331 84
Equipment of offices and wires.....	318,427 88
Total expenses as above.....	\$20,780,766 21

There were added to the company's system during the year 2,526 miles of poles, 57,218 miles of wire, 329 offices.

Of the newly constructed wires 28,767 miles were of copper.

The number of messages transmitted by the employees of the company was 69,374,883, being 3,717,834 more than for the previous year. These figures do not include the messages sent by brokers, press associations and others over the wires they lease from the company, nor the messages of railroad companies that are sent between their local stations under the terms of our contracts.

The receipts from the transmission of regular commercial messages were increased \$1,348,531.34, and from leased wires \$451,749.64. Variations in other minor sources of income made the increase in the total revenues for the year \$1,718,944.25.

The additional expenses for the year were \$1,111,863.53. Of this amount \$735,577.07 was incurred

for operating and general expenses, \$320,640.43 for maintenance and reconstruction, including cable repairs, and \$55,176.20 for taxes.

The profits for the year were \$6,299,748.54 after paying \$992,580.35 for interest on bonds. The amount of the dividend paid on the capital stock was \$4,868,031.25, leaving a balance of \$1,431,717.69 to be carried to surplus account.

The average tolls for the messages transmitted by the company were 31 cents, and the average cost was 25.7 cents.

There was expended for construction during the year \$2,188,101.03.

Since I took charge of your property, in April last, the service of the company in the Eastern and Southern Divisions has been reorganized.

I have personally inspected a number of the principal offices, and the lines in the East and South have been carefully examined. All of the larger offices have been visited by officers of the company, who have kept me fully advised as to the conditions, and such changes and improvements in the methods of handling the business have been made as the circumstances called for. By re-arrangements of the operating force, and through the substitution of direct-working circuits for repeating or relay offices, a reduction of three hundred and eighty-eight thousand seven hundred and forty-six dollars (\$388,746) a year in the operating expenses

THE WESTERN UNION TELEGRAPH COMPANY.

THE Ninth and Eleventh Districts, Eastern Division Western Union Telegraph Co., have been consolidated and designated as the Ninth District, Eastern Division, B. F. Dillon, Superintendent, Jacksonville, Fla.

J. A. BRENNER, Superintendent of the former Third District, Southern Division, Western Union Telegraph Co., at Augusta, Ga., resigned on October 1st, 1902, and retires from the telegraph service.

One of the pioneers of that service, he entered it in 1849, at Washington, D. C., and for the past thirty-five years has occupied the position from which, after long and honorable service, he has now retired.

GEORGE D. PERRY has been appointed Treasurer of the Great North Western Telegraph Co., of Canada, vice Arthur Cox, resigned. Mr. A. C. McConnell has been appointed Auditor in place of Mr. Perry, who, as well as being Treasurer, continues to be Secretary.

THE Annual Meeting of the Telegraphers' Mutual Benefit Association will be held in Room 60, Western Union Building, 195 Broadway, New York, on Wednesday, November 19th next, at 4 P. M.

The reports to be presented will show that the Association is in a flourishing condition with available assets of more than \$200,000.

A large attendance of the members is earnestly desired.

At the annual meeting of the Great North Western Telegraph Co., held at Toronto, Ontario, on September 25th, H. P. Dwight was re-elected president and general manager; Adam Brown, vice-president; George D. Perry, secretary-treasurer; and A. C. McConnell, auditor.

G. W. E. ATKINS,

Superintendent.

PROBABLY the most satisfactory and complete work respecting the telegraph, from the standpoint of the operator, is that entitled "Pocket Edition of Diagrams and Complete Information for Telegraph Engineers and Students," by Willis H. Jones, published by Telegraph Age, of New York. The subject is simply treated in a clear and lucid way, with abundant information, made plain by copious illustration, and brings to the telegrapher the kind of knowledge he most needs to aid him in his daily occupation, furnishing him with a key to the better grasp of its details. It is the product of a practical telegrapher, still engaged actively in his profession, and is now in its second edition, although first published in June last. The price is \$1.50, and is supplied by Telegraph Age, 253 Broadway, New York.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, October 20, 1902.

The following list of "changes" corrects the Tariff Book of "July, 1902" to date.

The hand **✱** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Hamburg, Ark., which was formerly a three star station, but which is now a Western Union office in Square 447.

See Special Notices at end of this circular.

SPECIAL SHEET "O."

Competing offices to which have been sent Special Sheet "O," should erase from that sheet Lewistown Junction and Stewartstown, Pa. They should also add to Sheet "O" the following:

CENTRAL AMERICA.

The administrations of Salvador, Guatemala, Hon-
duras and Costa Rica will now investigate com-
plaints of service, and refund charges for errors of
service on their lines. The foot note, page 534 of
Tariff Book, should be modified accordingly.

SPECIAL NOTICES.

Particular attention should be given to messages
addressed to Race Tracks, Baseball or Bicycle Parks,
Fair Grounds, Camps, Asylums, Poor Houses, Hos-
pitals, Infirmarys, Colleges, Schools, Convents, or
to any institution or place, the situation of which
is usually in the suburbs of some town or city. To
such places there is very frequently a charge for
delivery, and when a sender offers a message ad-
dressed as indicated, the Tariff Book and JOURNAL
should be consulted, and if there be a delivery
charge, it should be collected from the sender and
entered in the check as required by rule 5.

All requests to destroy or omit a message, or
change the check, should be disregarded except to
refer the matter to your Superintendent for benefit
of the service. This applies to missent as well as
uncollected messages.

Managers are urged to use extreme caution in
accepting and in checking messages addressed to
places not named in Tariff Book or JOURNAL
which together furnish a complete list, as far as re-
ported, of all Western Union offices and connections.
To other places it should be understood there may
be "other" line delivery, or telephone charges which
should be provided for when messages are accepted.

Offices forwarding messages which they have re-
ceived from places not shown in the Tariff Book,
should be careful to see that checks of such mes-
sages show, first the tolls for "this" line, and then
the tolls for "other" lines.

Hereafter for all messages which may be received
"collect" from office on "other" lines, or from
telephone (three star) stations, managers will col-
lect tolls for "this" and also for "other" lines,
whether the checks of such messages show tolls for
both lines or not.

The attention of offices is recalled to the require-
ments of Rule 4 in relation to the count of messages,
and particularly to that part of the Rule covering
the count of unpronounceable groups of letters, and
of improper combinations of words.

Special attention of offices is called to the fact that
messages for places named in Tariff Book on pages
519 to 536, both inclusive, are CABLE messages
and should be reported in accordance with rule No.
71, page 465, of Tariff Book. The charges on cable
messages should not be entered on the Check Report
(Form 7).

Ocean Steamers. The arrival of any steamship
at the Port of New York will be reported to any
address in New York City, Brooklyn, Hoboken or
Jersey City during the Company's usual office hours
for \$1.00. For other places the rate will be \$1.00
plus the tolls on a ten word day message to New
York City. The \$1.00 to be accounted for, except
by New York City offices, as received for "other"
lines.

Orders should be addressed to Manager Marine
Department New York City.

WM. HOLMES,
Supt.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY, }
New York, April, 1902.

To Superintendents: I beg to call your attention
to the following instructions, which have been given
before but have been disregarded by some, for-
gotten by others and are perhaps unknown to new
managers. Each item of these instructions may
seem trivial to an office manager, but, because of
the wide extent of our business and the great num-
ber of our offices, every item is very important and
should be strictly complied with.

First. Every remittance to the treasurer must
be accompanied by a letter of transmittal written
upon blank No. 65, which must state the exact
amount of remittance, date on which it was for-
warded, full name of the office remitting, name of
state or territory, whether by draft, bankers' money
order, express money order, post office money order,
currency by express or registered letter. If ex-
change is paid for draft or fees for bankers' money
order, express money orders, post office money
orders, money by express or registered letter, the
amount of such expense must be reported, like any
other item, in the monthly account current (form 4).
Vouchers for such expense must not be sent to the
Treasurer in cash.

The actual amount of cash remittance only should
be shown on blank 65.

Second. Remittances must be in the form of
draft on New York, when drafts of reliable banks
can be obtained at less expense than bankers' money
orders, or express money orders.

It is believed that New York drafts can be ob-
tained at all the larger offices, without expense, if
proper effort is made.

Bankers' money orders can be obtained at almost
any place where there are banking facilities.

Express money orders are absolutely safe and
can be obtained at almost any of the offices of the
American, Adams, Denver and Rio Grande, Domini-
on of Canada, Great Northern, National, Northern
Pacific, Pacific, Southern, United States, Wells,
Fargo and Co., Western Express Companies, at the
following rates, viz.:

Not exceeding \$2 50.	3 cts.	Over \$30 00 to \$40 00.	15 cts.
Over \$2 50 to 5 00.	5 cts.	Over 40 00 to 50 00.	18 cts.
Over 5 00 to 10 00.	8 cts.	Over 50 00 to 60 00.	20 cts.
Over 10 00 to 20 00.	10 cts.	Over 60 00 to 75 00.	25 cts.
Over 20 00 to 30 00.	12 cts.	Over 75 00 to 100 00.	30 cts.

Managers of offices on the lines of either of the
above named express companies should remit ex-
press orders (excepting where bank draft or bankers'
money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers'
money order, nor express money order, can be ob-
tained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers'
money order, express money order or post office
money order can be obtained, then currency should
be forwarded by express.

Fifth. If neither of the above means is available,
then, as a last resort, the remittance should be for-
warded by registered letter.

Sixth. Drafts, bankers' money orders, express
money orders and post office money orders must be
made payable to M. T. WILBUR, TREASURER, and
sent by mail. They must not be made payable to
M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form
123, must be used where remittances are made by
mail.

Eighth. The large envelope, Form 124, should
be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and
its value as bullion is much less than its nominal
value. Offices should not accept either mutilated
or foreign silver coins and must not remit such to
the treasurer.

M. T. WILBUR,
Treasurer.

**THE REMINGTON
TYPEWRITER**

Combines in the best way every quality necessary
in the telegraph operator's machine. It is strong,
reliable, durable and simple; easy to learn and
easy to operate. It makes very little noise—not
enough to interfere with the sounder. Its com-
pact keyboard gives it the highest speed and the
work it turns out is always first-class.

TELEGRAPHIC TIME SIGNALS

Sent out at Noon daily, except Sundays and Holidays, by the U. S. Naval Observatory.

The entire series of noon signals sent out daily over the wires is shown graphically in the accompanying diagram. This represents the signals as they would be recorded on a chronograph, where a pen draws a line upon a sheet of paper moving along at a uniform rate beneath it and is actuated by an electro-magnet so as to make a jog at every tick of the transmitting clock. The electric connections of the clock are such as to omit certain seconds, as shown by the breaks in the record. These breaks enable anyone who is listening to a sounder in a telegraph or telephone office to recognize the middle and end of each minute, especially the end of the last minute, when there is a longer interval that is followed by the noon signal. During this last long interval, or 10-second break, those who are in charge of time balls and of clocks that are corrected electrically at noon throw their local lines into circuit so that the noon signal drops the time balls and corrects the clocks.

This series of noon signals is sent continuously over the wires all over the United States for an interval of five minutes immediately preceding noon. For the country east of the Rocky Mountains the signals are sent out by the Observatory at Washington and end at noon of the 75th meridian, standard time, corresponding to 11 a. m. of the 90th meridian and 10 a. m. of the 105th meridian. For the country west of the Rocky Mountains they are sent out by the Observatory at the Mare Island Navy Yard, California, and end at noon of the 120th meridian, the standard time meridian of the Pacific Coast. The transmitting clock that sends out the signals is corrected very accurately, shortly before noon, from the mean of three standard clocks that are rated by star sights with a meridian transit instrument. The noon signal is seldom in error to an amount greater than one or two tenths of a second, although a tenth more may be added by the relays in use on long telegraph lines. Electric transmission over a continuous wire is practically instantaneous. For time signals at other times than noon, similar signals can be sent out by telegraph or telephone from the same clock that sends out the noon signal.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, November 20, 1902.

The following list of "changes" corrects the Tariff Book of "July, 1902" to date.

The hand **33** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Hamburg, Ark., which was formerly a three star station, but which is now a Western Union office in Square 447.

See Special Notices at end of this circular.

Telegrams to other places in China cannot be accepted, via Khabarovsk.

Correct Tariff Book, pages 524, 525, 526 and 527.

CENTRAL AMERICA.

The administrations of Salvador, Guatemala, Honduras and Costa Rica will now investigate complaints of service, and refund charges for errors of service on their lines. The foot note, page 534 of Tariff Book, should be modified accordingly.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmeries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from office on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 519 to 536, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 465, of Tariff Book. The charges on cable messages should not be entered on the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department New York City.

WM. HOLMES,
Supt.

THE REMINGTON TYPEWRITER

Combines in the best way every quality necessary
in the telegraph operator's machine. It is strong,
reliable, durable and simple; easy to learn and
easy to operate. It makes very little noise—not
enough to interfere with the sounder. Its com-
pact keyboard gives it the highest speed and the
work it turns out is always first-class.

for only : : : :

\$1.00

Postpaid to any address.

By registered mail 8c. extra.

Superior to other makes at \$3.

OUR EXTRAORDINARY OFFER

You may try the pen for a week. If you do not find it, upon comparison with other makes, at double or even three times our special price, a far better article; if upon a practical test you do not find the pen a perfect one in every particular, and entirely satisfactory to you, return the pen to us and we will at once refund your money, as we do not consider that we have made a sale until you are satisfied.

We do not want one of our pens out unless it is giving the best of satisfaction. We expect the pen we send you to be the means of making additional sales, as we know you will cheerfully recommend this pen to your friends when you possess and appreciate the fact that you have the best fountain pen made.

If, when ordering this pen, you will advise us the name of your stationer, that we may call his attention to our manufacture, we will appreciate your courtesy.

If convenient, enclose with your order a sample of the steel pen you generally use, and we will match the same as to style of point, touch and flexibility, as we can fit in our gold pens any hand. Should the pen point selected prove a trifle fine or coarse, hard or soft, to suit your hand, or the hand of whoever you select the pen for, it may be returned to us for exchange—if uninjured—at any time. Ever read or hear of a fairer proposition?

The Laughlin Fountain Pen Holder is made of finest quality hard rubber, is fitted with highest grade, large size, 14k. gold pen, of any desired flexibility, and has the only perfect feeding device known. **EITHER STYLE, RICHLY GOLD MOUNTED, FOR PRESENTATION PURPOSES, \$1.00 EXTRA.**

Resolved, That a dividend of one and one-quarter per cent. on the capital stock of this Company be hereby declared payable on and after the 15th day of January next, to stockholders of record at the close of the transfer books on the 20th day of December, instant.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of December, instant, and be reopened on the morning of the 2d day of January next.

Respectfully submitted,

R. C. CLOWRY,
President.

JOHN VAN HORNE, a former Vice-President of the Western Union Telegraph Company, died at his home at Pewee Valley, Ky., on December 13th.

Mr. Van Horne was born in Hunterdon County, N. J., April 12th, 1827, and became a telegraph operator in 1850 at Buffalo, N. Y. Subsequently he was manager at various places in Ohio and later at Tusculum, Ala., from which he was promoted by the late Dr. Norvin Green, then President of the South Western Telegraph Company, to be Superintendent, and afterwards General Superintendent, of that Company. During the Civil War he remained in the South and administered its affairs as its President. When in 1866 the South Western Telegraph Company was merged with the Western Union Telegraph Company he was appointed General Superintendent of the Southern Division of the latter Company—and in 1878 was elected a Vice-President thereof, which office he held until 1899, when he retired from the telegraph business after 50 years of active service, advancing therein from Operator to Manager, Superintendent, General Superintendent and Vice-President. He was a capable official, an estimable friend, and a genial companion possessed of delightful humor. In a long ago sketch of him the late J. D. Reid said "he opens up like a morning glory to the touch of humor."

The funeral services were at Christ Church, Louisville, Ky., on December 17th, and the interment was in Cave Hill Cemetery there. There was present a large attendance of Western Union officials from New York and the Western and former Southern Divisions.

WESTERN UNION TELEGRAPH COMPANY.

NEW YORK, December 10, 1902.

DIVIDEND NO. 137.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this Company, payable at the office of the Treasurer on and after the 15th day of January next, to shareholders of record at the close of the transfer books on the 20th day of December inst.

For the purpose of the dividend hereinbefore declared the transfer books will be closed at three o'clock on the afternoon of December 20th inst., and be reopened on the morning of January 2d next.

M. T. WILBUR,
Treasurer.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY, }
NEW YORK, December 20, 1902.

BROOKLYN, N. Y., TO BE CHECKED WITH
NEW YORK CITY.

January 1, 1903, and thereafter business to or from Brooklyn, N. Y., should be checked with New York City. The rate to and from Brooklyn will remain as at present.

BRITISH PACIFIC CABLE.

The rules governing messages to and from the Atlantic and other Cables will apply to and govern messages to and from stations of the British Pacific Cable. These rules will be found on pages 513 to 518 of the July, 1902 Tariff Book, and on pages 519 to 524 of the January, 1903 edition. They should be carefully noted, particularly cable rule No. 18, in reference to the record of cable messages.

British Pacific Cable rates will be found on page 542 of the new Tariff Book.

Messages to or from British Pacific Cable Stations must be routed "Via Bamfield" (Bamfield Creek, B. C., is the landing place of the British Pacific Cable).

The January, 1903, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before January 1, when the new book takes effect.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any errors which they may discover.

The abbreviation "N. M.," heretofore placed after the night message rate to other line offices, has been changed to the letter "N" in the new book. For example: (See page 1.)

*** Aetna, 25 2 (25 1 N) Ozark."

This was formerly given as:

*** Aetna, 25 2 (25 1 N. M) Ozark."

The following list of "changes" corrects the Tariff Book "of January, 1903" to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Lincoln, Ark., which was formerly a three star station, but which is now a Western Union office in Square 526.

See Special Notices at end of this circular.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 525 to 544, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 481, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph
Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

Superior to other makes at \$3.

OUR EXTRAORDINARY OFFER

You may try the pen for a week. If you do not find it, upon comparison with other makes, at double or even three times our special price, a far better article; if upon a practical test you do not find the pen a perfect one in every particular; and entirely satisfactory to you, return the pen to us and we will at once refund your money, as we do not consider that we have made a sale until you are satisfied.

We do not want one of our pens out unless it is giving the best of satisfaction. We expect the pen we send you to be the means of making additional sales, as we know you will cheerfully recommend this pen to your friends when you possess and appreciate the fact that you have the best fountain pen made.

If, when ordering this pen, you will advise us the name of your stationer, that we may call his attention to our manufacture, we will appreciate your courtesy.

If convenient, enclose with your order a sample of the steel pen you generally use, and we will match the same as to style of point, touch and flexibility, as we can fit in our gold pens any hand. Should the pen point selected prove a trifle fine or coarse, hard or soft, to suit your hand, or the hand of whoever you select the pen for, it may be returned to us for exchange—if uninjured—at any time. Ever read or hear of a fairer proposition?

The Laughlin Fountain Pen Holder is made of finest quality hard rubber, is fitted with highest grade, large size, 14k. gold pen, of any desired flexibility, and has the only perfect feeding device known. **EITHER STYLE, RICHLY GOLD MOUNTED, FOR PRESENTATION PURPOSES, \$1.00 EXTRA.**

NEW YORK, JANUARY 20, 1903.

Following are changes in the Western Union Telegraph Co.'s service.

E. P. Griffith, promoted and appointed Superintendent Second District, Eastern Division, at New York, vice F. L. Blendinger resigned.

C. B. Horton, promoted and appointed Superintendent Third District, Western Division, at Omaha, vice J. J. Dickey deceased.

P. E. Murray, promoted and appointed Assistant Superintendent, Eighth District, Eastern Division, at Atlanta, Ga.

C. C. Witt, promoted and appointed Manager at Atlanta, Ga., vice P. E. Murray.

M. L. Hellinga, Cable Manager at Key West, Fla., resigned.

J. J. Calvert, promoted and appointed Assistant Superintendent, Seventh District, Eastern Division at Richmond, Va.

J. J. DICKEY, for the past twenty-two years Superintendent of the Third District Western Division Western Union Telegraph Co. at Omaha, Neb., died at his home on December 29th, 1902. Mr. Dickey was born at Rushville, Ill., in 1839, and learned telegraphy at Ottawa, Ill., where he entered the employ of the Illinois & Mississippi Telegraph Co., passing into the service of the Western Union Telegraph Co. at the time of the transfer to it of the lines of the former Company and becoming Chief Clerk to the Western Union Co.'s District Superintendent at Chicago. In the summer of 1869 he became Superintendent at Omaha of the Union Pacific R. R. Lines, where thereafter he resided until his death. In connection with being Superintendent of the Union Pacific R. R. Lines he also acted as Superintendent of the Atlantic & Pacific Telegraph Co. and subsequently of the American Union Telegraph Co., becoming Superintendent of the Western Union Telegraph Co. in the early part of 1881. He was one of Omaha's principal citizens, enjoying through his personal, social and business qualities a wide circle of friends and acquaintances, by whom he was held in high esteem.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, January 20, 1903.

BROOKLYN, N. Y., TO BE CHECKED WITH
NEW YORK CITY.

January 1, 1903, and thereafter business to or from Brooklyn, N. Y., should be checked with New York City. The rate to and from Brooklyn will remain as at present.

BRITISH PACIFIC CABLE.

The rules governing messages to and from the Atlantic and other Cables will apply to and govern messages to and from stations of the British Pacific Cable. These rules will be found on pages 513 to 518 of the July, 1902 Tariff Book, and on pages 519 to 524 of the January, 1903 edition. They should be carefully noted, particularly cable rule No. 18, in reference to the record of cable messages.

British Pacific Cable rates will be found on page 542 of the new Tariff Book.

Messages to or from British Pacific Cable Stations must be routed "Via Bamfield" (Bamfield Creek, B. C., is the landing place of the British Pacific Cable).

The following list of "changes" corrects the Tariff Book "of January, 1903" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Lincoln, Ark., which was formerly a three star station, but which is now a Western Union office in Square 526.

See Special Notices at end of this circular.

NEW CALEDONIA.

The rate via British Pacific Cable route to New Caledonia is 65 cents per word, in addition to rates by States given on page 542 of the Tariff Book.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

The attention of offices is recalled to the requirements of Rule 4 in relation to the count of messages, and particularly to that part of the Rule covering the count of unpronounceable groups of letters, and of improper combinations of words.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 525 to 544, both inclusive, are CABLE messages and should be reported in accordance with rule No. 71, page 481, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

Supt.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 266 Pages.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

JOURNAL OF THE TELEGRAPH

VOL. XXXVI.

NEW YORK, FEBRUARY 20, 1903

WHOLE NO. 596.

THE following are changes in the Western Union Telegraph Co.'s service.

C. E. Page, Superintendent 5th District, Eastern Division, resigned.

C. F. Ames, Manager, Boston, Mass., promoted and appointed Superintendent 5th District, Eastern Division, vice C. E. Page, resigned.

A. A. Gargan, promoted and appointed Assistant Superintendent, with headquarters at Denver, Col., of 3d District, Western Division, vice C. B. Horton, promoted.

H. E. Roberts, appointed Assistant General Purchasing Agent and Superintendent of Supplies at New York.

To Western Union Managers:

Attention is called to the fact that the priority for Government messages stipulated in paragraph 22 of the General Instructions (page VII of the Tariff Book) applies equally to Weather Bureau Reports and Messages, which *must* be handled promptly and given preference over ordinary business.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, February 20, 1903.

CHANGE IN RULE 4.

The attention of Superintendents and Managers is called to the following change in the sixth paragraph of Rule 4, which will take effect on and after July 1, 1903:

All pronounceable groups of letters, when such groups are not dictionary words or combinations of dictionary words, will be counted at the rate of ten letters or fraction of ten letters to a word. When such groups are made up of combinations of dictionary words, each dictionary word so used will be counted as one word.

The following list of "changes" corrects the Tariff Book "of January, 1903" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union Office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Lincoln, Ark., which was formerly a three star station, but which is now a Western Union office in Square 526.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

ANNOUNCEMENT

WE MANUFACTURE

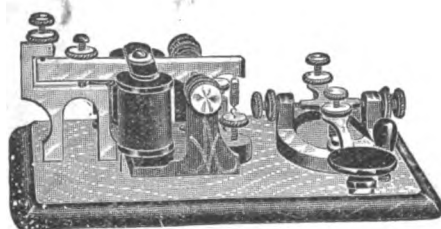

A very extensive line of **ELECTRICAL SUPPLIES**, but do not limit our business entirely to this class of supplies. We also manufacture a number of what may be termed "Domestic Conveniences," such as bath-room supplies (towel-racks, sponge-holders, soap-dishes, etc.); smokers' conveniences (cigar and ash-holders, match-safes, etc.); as well as pin-cushions, spool-holders, etc., which appeal to everyone.

We have enjoyed an increasing trade from the telegraphers throughout the country, and will be pleased to send a catalogue to any of them requesting it.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of March, instant, and be reopened on the morning of the 1st day of April next.

Respectfully submitted,

R. C. CLOWRY,
President.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, March 20, 1903.

CHANGE IN RULE 4.

The attention of Superintendents and Managers is called to the following change in the sixth paragraph of Rule 4, which will take effect on and after July 1, 1903:

All pronounceable groups of letters, when such groups are not dictionary words or combinations of dictionary words, will be counted at the rate of ten letters or fraction of ten letters to a word. When such groups are made up of combinations of dictionary words, each dictionary word so used will be counted as one word.

The following list of "changes" corrects the Tariff Book "of January, 1903" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union Office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Lincoln, Ark., which was formerly a three star station, but which is now a Western Union office in Square 526.

SPECIAL SHEET "O."

CUBA.

The list of telegraph stations in Cuba given in pages 535, 536 and 537 of the Tariff Book, should be revised as follows:

CHANGES.

Artemesia should read Artemisa.
Mayari Abajo, should read Mayari.
Contra Maestre, Limonar, Pelayo and Rincon, are closed.

NEW OFFICES.

Corral Falso, Marianao,
Fomento, Perico,
Guane, San Nicolas,
Mantua, Trinidad.
Rate to all, same as to Guanajay.

NEW CALEDONIA.

The rate via British Pacific Cable route to New Caledonia is 65 cents per word, in addition to rates by States given on page 542 of the Tariff Book.

CRETE (Turkey in Asia).

Messages in secret language may now be accepted for the Island of Crete.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 525 to 544, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 481, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money orders, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the Treasurer in cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2 50, 3 cts.	Over \$30 00 to \$40 00, 15 cts.
Over \$2 50 to 5 00, 5 cts.	Over 40 00 to 50 00, 18 cts.
Over 5 00 to 10 00, 8 cts.	Over 50 00 to 60 00, 20 cts.
Over 10 00 to 20 00, 10 cts.	Over 60 00 to 75 00, 25 cts.
Over 20 00 to 30 00, 12 cts.	Over 75 00 to 100 00, 30 cts.

Managers of offices on the lines of either of the above named express companies should remit express orders (excepting where bank draft or bankers' money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

WESTERN UNION TELEGRAPH COMPANY,
New York, March 11th, 1903.

DIVIDEND NO. 138.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this Company, payable at the office of the Treasurer on and after the 15th day of April next, to stockholders of record at the close of the transfer books on the 20th day of March, inst.

The transfer books will be closed at three o'clock on the afternoon of March 20th inst., and reopened on the morning of April 1st next.

M. T. WILBUR,
Treasurer.

POCKET EDITION OF DIAGRAMS
and Complete Information for Telegraph
Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 360 Pages.

A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

George W. Lloyd promoted to be Assistant Superintendent of the 8th District Western Division, vice J. Levin transferred to Eastern Division.

E. Chambers promoted to be Superintendent of Penzance, England, cable station, vice G. R. Mockridge deceased.

J. F. Nathan, promoted from Manager's Assistant, Chicago, to be Manager at Boston, vice C. F. Ames promoted to be Superintendent.

BETWEEN Chicago and Denver, a distance of 1,050 miles, along one line of railway, there are 31,500 telegraph poles. They are set 176 feet apart, or thirty to the mile. As there are considerably more than 200,000 miles of steam railway in the United States, increasing in mileage each year, and many roads have double lines of poles to transact the telegraph business of the country, there are eight million poles in use on railway lines. When to this is added the poles used by trolley lines and by telegraph and telephone companies we find an aggregate of fifteen million poles in use. If these should be replaced at once it would require 250,000 flat cars to transport them, 8,000 locomotives would be necessary to haul the trains, which if continuous would reach 1,750 miles. If the poles

were placed end to end they would reach more than three times around the earth at the equator.

A large majority of the poles in use are of white cedar, *Thuja occidentalis*, which grows in the swamps of northern Michigan, Wisconsin and in Canada. Some are of Oregon pine, a smaller number are of red cedar, *Juniperus Virginiana*, while a limited number are sawed from Washington cedar, *Thuja gigantea*. If the trees to replace the poles now in use were growing and forty could be obtained from each acre, it would require 370,000 acres to supply the poles for one renewal. Were the seed already sown and started into growth, it would be A. D. 2050 when the trees would be of sufficient size to use for first-class telegraph poles.

There are few American forest trees which combine the qualities necessary to make good poles; Durability in the ground; great length of trunk, freedom from large side branches which form knots; straight trunk with a regular taper, holding the size to great height. The northern swamp white cedar has long been considered the ideal tree for telegraph poles, but so scarce are these becoming that during the past year or two many carloads of pine from Idaho and Washington have been shipped east to rebuild telegraph lines in both Michigan and Wisconsin, where the cedar was formerly so abundant. The long time required for cedar to grow into a size suitable for this purpose, 100 to 150 years, is discouraging to investors who might wish to plant trees to hold forest property for the world's markets. The Tennessee and southern red cedar is more durable, but is now very scarce, because it is too valuable for lead pencil timber, and is of very slow growth. The Juniper found in the dismal swamp also possesses the qualities of a good pole tree, but is quite scarce.

The specification for telegraph poles demand timbers of unusual length, varying from twenty-four to fifty feet, having a diameter of eight to ten inches at top. They are set in the ground four and one-half to six feet. Transportation is a great item of expense on poles. One car at Salt Lake City from Michigan to Oregon Short Line railway, containing sixty-six poles weighing 33,000 pounds, the freight being \$4 per pole. Upon any good farm land in the middle states the Catalpa Speciosa may be grown in sixteen years to a size suitable for telegraph poles, and for the largest size in twenty years. Four or five times as many can be grown on an acre, systematically planted, as are secured in the northern swamps.

They may be grown near the points where they are to be used, and thus avoid excessive transportation, and when once placed in position on the line required to be renewed but twice in a century. It will cost to produce such poles at Catalpa less than \$1 each, an investment which should attract attention.—*Arboriculture*.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April 20, 1903.

CHANGE IN RULE 4.

The attention of Superintendents and Managers is called to the following change in the sixth paragraph of Rule 4, which will take effect on and after July 1, 1903:

All pronounceable groups of letters, when such groups are not dictionary words or combinations of dictionary words, will be counted at the rate of ten letters or fraction of ten letters to a word. When such groups are made up of combinations of dictionary words, each dictionary word so used will be counted as one word.

The following list of "changes" corrects the Tariff Book "of January, 1903" to date.

The hand  indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union Office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Lincoln, Ark., which was formerly a three star station, but which is now a Western Union office in Square 528.

CUBA.

The list of telegraph stations in Cuba given in pages 535, 536 and 537 of the Tariff Book, should be revised as follows:

CHANGES.

Artemesia should read Artemisa.

Mayari Abajo, should read Mayari.

Contra Maestre, Limonar, Pelayo and Rincon, are closed.

NEW OFFICES.

Corral Falso,	Marianao,
Fomento,	Perico,
Guane,	San Nicolas,
Mantua,	Trinidad.

Rate to all, same as to Guanajay.

CABLES.—Continued

NEW CALEDONIA.

The rate via British Pacific Cable route to New Caledonia is 65 cents per word, in addition to rates by States given on page 542 of the Tariff Book.

CRETE (Turkey in Asia).

Messages in secret language may now be accepted for the Island of Crete.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to misent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 525 to 544, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 481, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

Remington Typewriter

The merits of the REMINGTON WAYBILLING SPECIAL are Stationary Keyboard, Durability, Adaptability, and Ease of Operation. It is equipped with a special Waybilling Keyboard, also a Tabulating Attachment which permits the waybill forms to be written with the same speed as ordinary typewriting, and much faster than any pen writing.

The experience of all users proves that the REMINGTON WAYBILLING SPECIAL produces the best net results for the railroad company.

The following list of "changes" corrects the Tariff Book "of January, 1903" to date.

The hand **13** indicates those changes which have not been published in the preceding issue of the JOURNAL.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union Office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Lincoln, Ark., which was formerly a three star station, but which is now a Western Union Office in Square 526.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

CUBA.

The list of telegraph stations in Cuba given in pages 535, 536 and 537 of the Tariff Book, should be revised as follows:

CHANGES.

Artemesia should read Artemisa.
Mayari Abajo, should read Mayari.
Contra Maestre, Limonar, Pelayo and Rincon, are closed.

NEW OFFICES.

Corral Falso, Marianao,
Fomento, Perico,
Guane, San Nicolas,
Mantua, Trinidad.

Rate to all, same as to Guanajay.

NEW CALEDONIA.

The rate via British Pacific Cable route to New Caledonia is 65 cents per word, in addition to rates by States given on page 542 of the Tariff Book.

CRETE (Turkey in Asia).

Messages in secret language may now be accepted for the Island of Crete.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 525 to 544, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 481, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph
Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No. 65*, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money orders, money by express or registered letter, *the amount of such expense must be reported, like any other item, in the monthly account current (form 4)*. Vouchers for such expense must *not* be sent to the Treasurer in cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2 50, 3 cts.	Over \$30 00 to \$40 00, 15 cts.
Over \$2 50 to 5 00, 5 cts.	Over 40 00 to 50 00, 18 cts.
Over 5 00 to 10 00, 8 cts.	Over 50 00 to 60 00, 20 cts.
Over 10 00 to 20 00, 10 cts.	Over 60 00 to 75 00, 25 cts.
Over 20 00 to 30 00, 12 cts.	Over 75 00 to 100 00, 30 cts.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money orders can be obtained at less expense*).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 20th day of June, instant, and be reopened on the morning of the 1st day of July next.

Respectfully submitted,

R. C. CLOWRY,
 President.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
 WESTERN UNION TELEGRAPH COMPANY,
 NEW YORK, June 20, 1903.

The July, 1903, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before July 1, when the new book takes effect.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any errors which they may discover.

The following list of "changes" corrects the Tariff Book "of July, 1903" to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Elmwood, Conn., which was formerly a two-star station, but which is now a Western Union office in Square 32.

See Special Notices at end of this circular.

SPECIAL NOTICES.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under rule 2, which reads as follows:

"The importance of the address cannot be overestimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL

which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 549 to 569, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 505, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

D. Le Roux, General Superintendent, London.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No. 65*, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money orders, money by express or registered letter, *the amount of such expense must be reported, like any other item, in the monthly account current (form 4).* Vouchers for such expense must *not* be sent to the Treasurer in cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3 cts.	Over \$30.00 to \$40.00, 15 cts.
Over \$2.50 to 5.00, 5 cts.	Over 40.00 to 50.00, 18 cts.
Over 5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money orders can be obtained at less expense*).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

Remington Typewriter

The merits of the REMINGTON WAYBILLING SPECIAL are Stationary Keyboard, Durability, Adaptability, and Ease of Operation. It is equipped with a special Waybilling Keyboard, also a Tabulating Attachment which permits the waybill forms to be written with the same speed as ordinary typewriting, and much faster than any pen writing.

The experience of all users proves that the REMINGTON WAYBILLING SPECIAL produces the best net results for the railroad company.

SPECIAL NOTICES.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the *via* is omitted the message is necessarily delayed until it can be ascertained by service message which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 on IV page of the Tariff Book.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under rule 2, which reads as follows:

"The importance of the address cannot be over-estimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 549 to 569, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 505, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal *written upon blank No. 65*, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money orders, money by express or registered letter, *the amount of such expense must be reported, like any other item, in the monthly account current (form 4).* Vouchers for such expense must *not* be sent to the Treasurer in cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3 cts.	Over \$30.00 to \$40.00, 15 cts.
Over \$2.50 to 5.00, 5 cts.	Over 40.00 to 50.00, 18 cts.
Over 5.00 to 10.00, 8 cts.	Over 50.00 to 60.00, 20 cts.
Over 10.00 to 20.00, 10 cts.	Over 60.00 to 75.00, 25 cts.
Over 20.00 to 30.00, 12 cts.	Over 75.00 to 100.00, 30 cts.

Managers of offices on the lines of either of the above named express companies should remit express orders (*excepting where bank draft or bankers' money orders can be obtained at less expense*).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York, bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

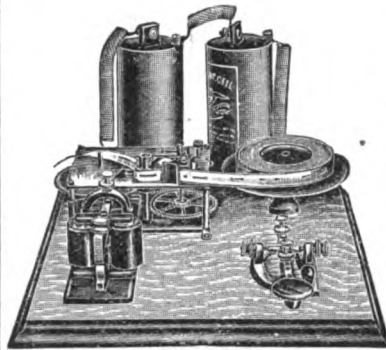

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

CABLES.

COMMERCIAL PACIFIC CABLE.

Following is a complete list of the places now reached by the Commercial Pacific Cable, and rates per word thereto beyond San Francisco, Calif.:

Honolulu, Hawaii (reduced to).....	\$0.35
Midway.....	.60
Guam.....	.85
Philippine Islands:	
Luzon Island (Manila).....	1.00
Other Islands.....	1.15
Hong Kong.....	1.10
China: Macao.....	1.15
Other places.....	1.10
Japan.....	1.41
Corea: Chemulpo, Fusan and Seoul.....	1.41
Other places.....	1.49
Formosa.....	1.21

To the above given rates beyond San Francisco should be added the Western Union State rates per word given on page 567 of the July Tariff Book.

CABLES—Continued.

U. S. OF COLOMBIA VIA KEY WEST.

Hereafter the rate via Key West to "Other offices" in the United States of Colombia, given on page 564 of the July Tariff Book, fourth, fifth and sixth columns, will be \$1.31, \$1.41 and \$1.31 respectively, instead of \$1.25, \$1.35 and \$1.25 as at present.

SPECIAL NOTICES

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the via is omitted the message is necessarily delayed until it can be ascertained by service message which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 on IV page of the Tariff Book.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under rule 2, which reads as follows:

"The importance of the address cannot be over-estimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 549 to 569, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 505, of Tariff Book. The tolls received for cable messages should not be entered in the Check Report (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

POCKET EDITION OF DIAGRAMS and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, September 20, 1903.

The following list of "changes" corrects the Tariff Book "of July, 1903," to date.

The hand *✱* indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Elmwood, Conn., which was formerly a two-star station, but which is now a Western Union office in Square 32.

See Special Notices at end of this circular.

CABLES.

COMMERCIAL PACIFIC CABLE.

Following is a complete list of the places now reached by the Commercial Pacific Cable, and rates per word thereto beyond San Francisco, Calif.:

CABLES—Continued.

Honolulu, Hawaii (reduced to).....	\$0.35
Midway60
Guam85
Philippine Islands:	
Luzon Island (Manila).....	1.00
Other Islands.....	1.15
Hong Kong.....	1.10
China: Macao.....	1.15
Other places.....	1.10
Japan	1.41
Corea: Chemulpo, Fusan and Seoul.....	1.41
Other places.....	1.49
Formosa	1.21

To the above given rates beyond San Francisco should be added the Western Union State rates *per word* given on page 567 of the July Tariff Book.

U. S. OF COLOMBIA VIA KEY WEST.

Hereafter the rate via Key West to "Other offices" in the United States of Colombia, given on page 564 of the July Tariff Book, fourth, fifth and sixth columns, will be \$1.31, \$1.41 and \$1.31 respectively, instead of \$1.25, \$1.35 and \$1.25 as at present.

SPECIAL NOTICES.

Despatches addressed to newspapers for publication are entitled to press rates only when they are bona fide reading matter.

Advertisements have been sometimes sent to newspapers prepaid at press rates. Hereafter they are to be paid for at full commercial rates.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the *via* is omitted the message is necessarily delayed until it can be ascertained by service message which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 on IV page of the Tariff Book.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmaries, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under Rule 2, which reads as follows:

"The importance of the address cannot be overestimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for *both* lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 549 to 569, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 505, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

THE AMERICAN TELEGRAPHERS' TOURNAMENT ASSOCIATION.

PHILADELPHIA, PA., September, 1903.

To all Members of the Telegraph Fraternity, Greeting:

The greatest tournament in the history of the telegraph will be held in the NATIONAL EXPOSITION BUILDING, Philadelphia, October 30th and 31st, 1903.

The names of those who have honored the Association by active co-operation should inspire confidence and induce all telegraphers to assist in promoting the success of the tournament. It will be the greatest opportunity ever offered to demonstrate ability, and cannot fail to have a beneficial effect upon the fraternity in general.

It is proposed that the tournament shall not be limited to contests of skill in transmitting and receiving the Morse code, but will include a display of telegraph, telephone and other electrical apparatus pertaining to the service. Demonstrations of the latest devices for signalling messages—exemplifications of the practical working of submarine cables—wireless telegraph—the printing telegraph, and many other methods will be shown in practical operation, making the tournament highly instructive.

The contests will be as follows, subject to slight change as conditions may dictate:

FIRST EVENT.—For the best all-round operator, including sending and receiving messages and press, all straight work. 10-minute trials in each branch, the contestant having the highest average to be declared the winner.

First prize, Carnegie medal, and \$300 Cash. Second prize..... \$150 Cash.

SECOND EVENT.—Receiving messages contest on typewriters. Automatic transmission. Half-hour trial. Two cash prizes, \$300 and \$150.

THIRD EVENT.—Strictly code press work, sending and receiving 30-minute trials. Two cash prizes in each class for senders and for receivers.

FOURTH EVENT.—Ladies' contest, straight message work on typewriters. 10-minute trials. Two cash prizes for both senders and receivers.

FIFTH EVENT.—Special—sending commercial messages and press on Yetman transmitter. Receiving on any typewriter. Two cash prizes for both senders and receivers. 15-minute trials.

SIXTH EVENT.—Open to railroad operators only. Sending and receiving regular R. R. business. 15-minute trials. Two cash prizes for each class.

SEVENTH EVENT.—Old timers. Open to all 60 years of age or over, 5-minute trials.

Sending and receiving messages and press. Two cash prizes for each class.

EIGHTH EVENT.—Open to Broker operators only. Sending and receiving matter pertaining to the brokerage business, orders, quotations and gossip.

Three cash prizes for each class. 10-minute trials.

The winner of the sending contest to send for the receivers.

NINTH EVENT.—Championship class, sending 500 words straight matter. Two cash prizes, \$300 and \$150.

It is impossible for us, at this time, to state the amount of money that will be given in all contests, but it is proposed to have a cash prize accompany each medal offered.

The amount of cash prizes offered will depend upon the support we receive.

We guarantee that the tournament will be clean in every respect, and urge upon all those interested to co-operate with us in making this the greatest tournament ever held. It is not a money-making scheme, but a movement to elevate the profession.

The entrance fee for contestants will be \$2.00, which must be paid to the Treasurer on or before October 1st.

There are several large Halls besides the Auditorium, at the Exposition Buildings, which will permit us to hold several contests at the same time, should it be necessary to do so in order to expedite the events.

All operators are invited to become members of the Association. The membership fee is \$1.00 which entitles them to two admission tickets.

By order of the Executive Committee,

C. B. WOOD, Secretary.

POCKET EDITION OF DIAGRAMS and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

BALANCE SHEET.—JUNE 30, 1903.

ASSETS.

Telegraph lines, stocks owned of leased telegraph companies that are merged in Western Union Co.'s system, franchises, patents, etc.	\$112,073,906.15
Stocks and bonds of leased telegraph companies received in exchange for collateral trust bonds	8,504,000.00
Stocks of not leased telegraph companies, and other securities	11,459,415.96
Real estate	4,765,180.54
Supplies and material in supply departments	498,010.76
Sundry accounts receivable, etc.....	2,156,265.12
Cash in treasury and in hands of agents (since remitted to treasury).....	2,678,015.73
	\$142,134,744.26

LIABILITIES.

Capital stock	\$97,370,000.00
Funded debt	24,504,000.00
Gold and Stock Telegraph Co. for stocks of other companies held through lease of that company until 1981.....	1,946,592.00
Sundry accounts payable, etc. (including dividend July 15, 1903).....	3,696,242.68
Surplus of income prior to October 1, 1881, appropriated for construction and acquisition of telegraph lines and property (in excess of the \$15,526,590 capital stock distributed in 1881 on account of such appropriations of income during the 15 years preceding)	1,598,184.03
Surplus of income subsequent to October 1, 1881 (\$12,389,964.64), plus the proportion of surplus of income prior to October 1, 1881 (\$639,759.91), that was not appropriated as above	18,019,724.55
	\$142,134,744.26

There were added to the company's system during the year 402 miles of poles, 59,228 miles of wires.

Of the newly constructed wires, 47,000 miles were of copper.

The number of messages transmitted by the employees of the company was 69,790,866, being 415,983 more than for the previous year. As stated before, these figures do not include the messages transmitted by the lessees of wire, nor the messages of the various railroad companies that are sent between their local stations under our contracts. The uses of the leased wires were probably the equivalent of 10,000,000 messages for the year.

There was an increase of \$1,094,591.70 in the revenues for the year. Of this amount the transmission of regular commercial messages contributed \$321,759.90, and leased wires \$282,774.28, the remainder coming from sundry other sources.

The increase in the operating and general expenses, including taxes, was \$250,598.55, and for equipment of offices and wires \$81,921.69. Reductions of \$159,242.96 in the cost of maintenance and reconstruction, and \$828.42 in rentals of leased lines, made the net increase in expenses \$172,448.86.

\$1,077,700 was disbursed for interest on bonds, leaving \$7,136,771.73 as the profits for the year.

After paying \$4,868,050 for dividends on the capital stock, \$2,268,721.73 was added to the surplus account.

The average receipts per message transmitted by the company were 31.4 cents, and the average cost was 25.6 cents.

The cost of construction for the year was \$3,351,644.94.

Since my last report the reorganization of the service has been completed. The system of thorough inspection, including our Atlantic and Cuba cable terminals, has been continued, and a further reduction of expenses has been effected, bringing the total up to \$612,000 per annum.

During the past year contracts covering 3,840 miles of railroad have been closed with the following named railroad companies:

ST. LOUIS SOUTHWESTERN RAILWAY COMPANY.
EAST CAROLINA RAILWAY COMPANY.
MANITOU AND PIKE'S PEAK RAILROAD COMPANY.
BOSTON AND MAINE RAILROAD COMPANY.
NEVADA CENTRAL RAILROAD COMPANY.
MANHATTAN RAILWAY COMPANY.
BROOKLYN HEIGHTS RAILROAD COMPANY, as Lessee of the Prospect Park and Coney Island Railroad Company, the Sea Beach Railway Co., and the Nassau Electric Railroad Company. (Covering Brooklyn, Bath and West End R. R. Co.)
BROOKLYN UNION ELEVATED RAILROAD COMPANY and the Brooklyn Heights Railroad Company. (Covering elevated railroads in Brooklyn.)

Respectfully submitted,

ROBERT C. CLOWRY,

President.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, October 20, 1903.

The following list of "changes" corrects the Tariff Book "of July, 1903," to date.

The hand *✱* indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Elmwood, Conn., which was formerly a two-star station, but which is now a Western Union office in Square 32.

See Special Notices at end of this circular.

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet Hartly and Newport, Del.; Chat-tolance, Greensboro, Henderson, Newark and Queponco, Md.; Haddonfield, N. J.; Grove, Manorville, Waterford, E. Co., Winterburn and Wistar, Pa.

They should also add to Sheet "O" the following: Cannon, Del.; Cape May C. H.; Fort Mott, N. J.; Avonmore, Westmoreland Co., and Wyebrooke, Pa.

CABLES.

COMMERCIAL PACIFIC CABLE.

Following is a complete list of the places now reached by the Commercial Pacific Cable, and rates per word thereto beyond San Francisco, Calif.:

† Honolulu, Hawaii	\$0.35
Midway	.60
Guam	.85
Philippine Islands:	
Luzon Island (Manila)	1.00
Other Islands	1.15
Hong Kong	1.10
China: Macao	1.15
Other places	1.10
Japan	1.41
Corea: Chemulpo, Fusan and Seoul	1.41
Other places	1.49
Formosa	1.21

To the above given rates beyond San Francisco should be added the Western Union State rates per word given on page 567 of the July Tariff Book.

† Messages for Honolulu and for all other places in the Island of Oahu are delivered without extra charge.

Messages for Hawaiian Islands beyond Honolulu are accepted only at sender's risk.

Messages for the Islands of Hawaii, Maui and Kauai, may be forwarded beyond Honolulu by mail or by wireless telegraph. The charge for the wireless transmission is twenty-five cents per word in addition to the rate to Honolulu. There is no charge for mailing. "Via Wireless" must be signalled in the checks of messages to be forwarded by wireless telegraph.

Messages for other Hawaiian Islands can only be forwarded by mail from Honolulu.

The name of the Island must appear in the address of every message going beyond Honolulu.

U. S. OF COLOMBIA VIA KEY WEST.

Hereafter the rate via Key West to "Other offices" in the United States of Colombia, given on page 564 of the July Tariff Book, fourth, fifth and sixth columns, will be \$1.31, \$1.41 and \$1.31 respectively, instead of \$1.25, \$1.35 and \$1.25 as at present.

SPECIAL NOTICES.

Despatches addressed to newspapers for publication are entitled to press rates only when they are bona fide reading matter.

Advertisements have been sometimes sent to newspapers prepaid at press rates. Hereafter they are to be paid for at full commercial rates.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the *via* is omitted the message is necessarily delayed until it can be ascertained by service message which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 on IV page of the Tariff Book.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under Rule 2, which reads as follows:

"The importance of the address cannot be overestimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 549 to 569, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 505, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

TRANSFER SERVICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, October 17, 1903.

To all Transfer Agents and Offices:

DIVIDEND No. 140.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this company, payable at the office of the Treasurer on and after the 15th day of October next, to shareholders of record at the close of the transfer books on the 19th day of September inst.

For the purpose of the Annual Meeting of Stockholders to be held on Wednesday, the 14th day of October next, and of the dividend above referred to, the transfer books will be closed at three o'clock on the afternoon of September 19th inst., and be reopened on the morning of October 16th next.

M. T. WILBUR,
 Treasurer.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph
 Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World.
 Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

Address J. B. TALLAVALL, TELEGRAPH AGE,
 363 Broadway, New York.

TREASURER'S OFFICE, WESTERN UNION TELEGRAPH COMPANY, New York, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the Treasurer in cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3c	Over \$30.00 to \$40.00, 15c
Over \$2.50 to 5.00, 5c	Over 40.00 to 50.00, 18c
Over 5.00 to 10.00, 8c	Over 50.00 to 60.00, 20c
Over 10.00 to 20.00, 10c	Over 60.00 to 75.00, 25c
Over 20.00 to 30.00, 12c	Over 75.00 to 100.00, 30c

Managers of offices on the lines of either of the above named express companies should remit express orders (excepting where bank draft or bankers' money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
 Treasurer.

E. B. Pillsbury, W. J. Dealy.
T. E. Fleming.

A large number of members, including delegates from various agencies, were in attendance. The reports of the President, Secretary and Treasurer showed the Association to be in excellent condition, both in membership and financially. The membership is now 5,234 and the assets amount to \$224,793.18.

The President, Mr. B. Brooks, in his report and opening address referred to the fact that the Association is now in a most prosperous condition, and fully able to protect its present membership. It has a broad, liberal contract, under which a man or woman, when once admitted to membership, can engage in any vocation or reside in any country; that its mission is to provide protection for the families and dependents of all employees of the telegraph service, and that it is essentially a telegraph society, organized and maintained solely for the benefit of its members.

Every person employed either in telegraph or telephone service, in good health, between the ages of 18 and 45 years, is invited to join, and application for membership can be made to the Secretary at the New York office or to any agent in the Western Union office of any of the principal cities.

After the meeting a large number of the members who had been present at it attended the autumn reunion and dinner of the Magnetic Club, at which were also present a number of the principal officers of the Western Union and the Postal Telegraph companies.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, November 20, 1903.

The following list of "changes" corrects the Tariff Book "of July, 1903," to date.

The hand **H** indicates those changes which have not been published in the preceding issue of the JOURNAL.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Elmwood, Conn., which was formerly a two-star station, but which is now a Western Union office in Square 32.

See Special Notices at end of this circular.

TO OFFICES HAVING SPECIAL SHEET "O."

CABLES.

COMMERCIAL PACIFIC CABLE.

Following is a complete list of the places now reached by the Commercial Pacific Cable, and rates per word thereto beyond San Francisco, Calif.:

† Honolulu, Hawaii	\$0.35
Midway60
Guam85
Philippine Islands:	
Luzon Island (Manila)	1.00
Other Islands	1.15
Hong Kong	1.10
China: Macao	1.15
Other places	1.10
Japan	1.41
Corea: Chemulpo, Fusan and Seoul	1.41
Other places	1.49
Formosa	1.21

To the above given rates beyond San Francisco should be added the Western Union State rates per word given on page 567 of the July Tariff Book.

† Messages for Honolulu and for all other places in the Island of Oahu are delivered without extra charge.

Messages for Hawaiian Islands beyond Honolulu are accepted only at sender's risk.

Messages for the Islands of Hawaii, Maui and Kauai, may be forwarded beyond Honolulu by mail or by wireless telegraph. The charge for the wireless transmission is twenty-five cents per word in addition to the rate to Honolulu. There is no charge for mailing. "Via Wireless" must be signalled in the checks of messages to be forwarded by wireless telegraph.

Messages for other Hawaiian Islands can only be forwarded by mail from Honolulu.

The name of the Island must appear in the address of every message going beyond Honolulu.

U. S. OF COLOMBIA VIA KEY WEST.

Hereafter the rate via Key West to "Other offices" in the United States of Colombia, given on page 564 of the July Tariff Book, fourth, fifth and sixth columns, will be \$1.31, \$1.41 and \$1.31 respectively, instead of \$1.25, \$1.35 and \$1.25 as at present.

SPECIAL NOTICES.

Despatches addressed to newspapers for publication are entitled to press rates only when they are bona fide reading matter.

Advertisements have been sometimes sent to newspapers prepaid at press rates. Hereafter they are to be paid for at full commercial rates.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the *via* is omitted the message is necessarily delayed until it can be ascertained by service message which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 on IV page of the Tariff Book.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bi-

cycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under Rule 2, which reads as follows:

"The importance of the address cannot be over-estimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 549 to 569, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 505, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

POCKET EDITION OF DIAGRAMS and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World.
Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
New York, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the Treasurer in cash. The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3c	Over \$30.00 to \$40.00, 15c
Over \$2.50 to 5.00, 5c	Over 40.00 to 50.00, 18c
Over 5.00 to 10.00, 8c	Over 50.00 to 60.00, 20c
Over 10.00 to 20.00, 10c	Over 60.00 to 75.00, 25c
Over 20.00 to 30.00, 12c	Over 75.00 to 100.00, 30c

Managers of offices on the lines of either of the above named express companies should remit express orders (excepting where bank draft or bankers' money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

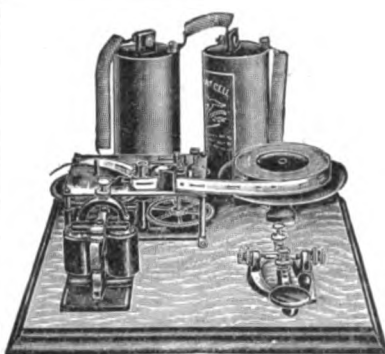

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

Resolved, That for the purpose of the dividend hereinbefore declared, the stock books of the Company be closed at three o'clock on the afternoon of the 19th day of December, instant, and be reopened on the morning of the 2d day of January next.

Respectfully submitted,

R. C. CLOWRY,
President.

TARIFF BUREAU.

MONTHLY CIRCULAR.

EXECUTIVE OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, December 20, 1903.

BROOKLYN, N. Y., TO BE CHECKED WITH NEW YORK CITY.

Special attention is called to the fact that business to or from Brooklyn, N. Y., should be checked with New York City, and not direct.

The January, 1904, edition of the Tariff Book is now being distributed, and every office should be supplied with one or more copies on or before January 1, when the new book takes effect.

Managers should read carefully the pages of instruction at the beginning of the book; they should also examine the names, square numbers and P. O. addresses of their offices, and the names and rates of "other" line offices with which they connect, and report at once to their Superintendents any errors which they may discover.

The following list of "changes" corrects the Tariff Book "of January, 1904," to date.

The list of "New Offices" contains the names of all offices not shown in the Tariff Book.

Places marked in the Tariff Book as "Summer" or "Winter" offices are not to be considered as open until notice to that effect is published in the JOURNAL.

When a single, double or three star station is made a Western Union office the fact is noted by giving the name of the office with the words "now Square," etc., as in the case of Buckeye, Iowa, which was formerly a single-star station, but which is now a Western Union office in Square 481.

See Special Notices at end of this circular.

TO OFFICES HAVING SPECIAL SHEET "O."

Offices having Special Sheet "O" should erase from that sheet Hartly, Newport and Viola, Del.; Chattolancee, Greensboro, Henderson, Newark, Oxford and Queponco, Md.; Haddonfield, N. J.; Cherry Tree, Grove, Manorville, Phillipston, Ralston, Red Bank, Three Culverts, Waterford, E. Co., Winterburn and Wistar, Pa.

They should also add to Sheet "O" the following:

SPECIAL NOTICES.

In the checking and transmission of messages to one, two and three star stations, the word *via* and the name of the office via which the message is passed to other lines, should not be omitted. When transmission of the *via* is omitted the message is necessarily delayed until it can be ascertained by service message which would be unnecessary had it been inserted and transmitted as the rules require. See Rule 5, and Rule 29.

It should not be forgotten that messages to three star (telephone) stations are accepted only at sender's risk of error, delay and non-delivery. See paragraph 6 on IV page of the Tariff Book.

Particular attention should be given to messages addressed to Race Tracks, Baseball or Bicycle Parks, Fair Grounds, Camps, Asylums, Poor Houses, Hospitals, Infirmarys, Colleges, Schools, Convents, or to any institution or place, the situation of which is usually in the suburbs of some town or city. To such places there is very frequently a charge for delivery, and when a sender offers a message addressed as indicated, the Tariff Book and JOURNAL should be consulted, and if there be a delivery charge, it should be collected from the sender and entered in the check as required by Rule 5.

The attention of Managers is called to the third paragraph of "Remarks" under Rule 2, which reads as follows:

"The importance of the address cannot be overestimated. When the address given seems insufficient, a better one should be requested."

It is particularly advisable that this be carefully observed when accepting messages to Summer resorts.

All requests to destroy or omit a message, or change the check, should be disregarded except to refer the matter to your Superintendent for benefit of the service. This applies to missent as well as uncollected messages.

Managers are urged to use extreme caution in accepting and in checking messages addressed to

places not named in Tariff Book or JOURNAL which together furnish a complete list, as far as reported, of all Western Union offices and connections. To other places it should be understood there may be "other" line delivery, or telephone charges which should be provided for when messages are accepted.

Offices forwarding messages which they have received from places not shown in the Tariff Book, should be careful to see that checks of such messages show, first the tolls for "this" line, and then the tolls for "other" lines.

Hereafter for all messages which may be received "collect" from offices on "other" lines, or from telephone (three star) stations, managers will collect tolls for "this" and also for "other" lines, whether the checks of such messages show tolls for both lines or not.

Special attention of offices is called to the fact that messages for places named in Tariff Book on pages 553 to 573, both inclusive, are CABLE messages and should be reported in accordance with Rule No. 71, page 509, of Tariff Book. The tolls received for cable messages should not be entered in the Check Reports (Form 7).

Ocean Steamers. The arrival of any steamship at the Port of New York will be reported to any address in New York City, Brooklyn, Hoboken or Jersey City during the Company's usual office hours for \$1.00. For other places the rate will be \$1.00 plus the tolls on a ten word day message to New York City. The \$1.00 to be accounted for, except by New York City offices, as received for "other" lines.

Orders should be addressed to Manager Marine Department, New York City.

WM. HOLMES,
Supt.

POCKET EDITION OF DIAGRAMS

and Complete Information for Telegraph Engineers and Students

BY WILLIS H. JONES

Bound in Flexible Leather. 260 Pages.

A Telegraphic Classic. The Standard of the World. Splendidly Illustrated.

THIS VOLUME is the finest, most complete and comprehensive book on the telegraph ever published. It is colloquial, simple and clear in style, copious in the amount and diversity of practical information furnished.

NO SUCH THOROUGH TREATMENT of the subject of the telegraph, clearly explaining the equipment of a modern telegraph office, has ever before been accomplished.

THIS WORK COVERS the entire field of a practical telegraph course, and the subjects are treated with a conviction and simplicity, wholly free from entangling technicalities, such as to render the volume one of delight and absorbing interest.

Price, \$1.50. Express Charges Prepaid.

TREASURER'S OFFICE,
WESTERN UNION TELEGRAPH COMPANY,
NEW YORK, April, 1902.

To Superintendents: I beg to call your attention to the following instructions, which have been given before but have been disregarded by some, forgotten by others and are perhaps unknown to new managers. Each item of these instructions may seem trivial to an office manager, but, because of the wide extent of our business and the great number of our offices, every item is very important and should be strictly complied with.

First. Every remittance to the treasurer must be accompanied by a letter of transmittal written upon blank No. 65, which must state the exact amount of remittance, date on which it was forwarded, full name of the office remitting, name of state or territory, whether by draft, bankers' money order, express money order, post office money order, currency by express or registered letter. If exchange is paid for draft or fees for bankers' money order, express money orders, post office money order, money by express or registered letter, the amount of such expense must be reported, like any other item, in the monthly account current (form 4). Vouchers for such expense must not be sent to the Treasurer in cash.

The actual amount of cash remittance only should be shown on blank 65.

Second. Remittances must be in the form of draft on New York, when drafts of reliable banks can be obtained at less expense than bankers' money orders, or express money orders.

It is believed that New York drafts can be obtained at all the larger offices, without expense, if proper effort is made.

Bankers' money orders can be obtained at almost any place where there are banking facilities.

Express money orders are absolutely safe and can be obtained at almost any of the offices of the American, Adams, Denver and Rio Grande, Dominion of Canada, Great Northern, National, Northern Pacific, Pacific, Southern, United States, Wells Fargo and Co., Western Express Companies, at the following rates, viz.:

Not exceeding \$2.50, 3c	Over \$30.00 to \$40.00, 15c
Over \$2.50 to 5.00, 5c	Over 40.00 to 50.00, 18c
Over 5.00 to 10.00, 8c	Over 50.00 to 60.00, 20c
Over 10.00 to 20.00, 10c	Over 60.00 to 75.00, 25c
Over 20.00 to 30.00, 12c	Over 75.00 to 100.00, 30c

Managers of offices on the lines of either of the above named express companies should remit express orders (excepting where bank draft or bankers' money orders can be obtained at less expense).

Third. If neither bank draft, nor bankers' money order, nor express money order, can be obtained, post office money orders should be forwarded.

Fourth. If neither draft on New York bankers' money order, express money order or post office money order can be obtained, then currency should be forwarded by express.

Fifth. If neither of the above means is available, then, as a last resort, the remittance should be forwarded by registered letter.

Sixth. Drafts, bankers' money orders, express money orders and post office money orders must be made payable to M. T. WILBUR, TREASURER, and sent by mail. They must not be made payable to M. T. WILBUR without the title.

Seventh. The small treasurer's envelope, Form 123, must be used where remittances are made by mail.

Eighth. The large envelope, Form 124, should be used only for making remittances by express.

Ninth. Mutilated silver coin is uncurrent, and its value as bullion is much less than its nominal value. Offices should not accept either mutilated or foreign silver coins and must not remit such to the treasurer.

M. T. WILBUR,
Treasurer.

WESTERN UNION TELEGRAPH COMPANY.

NEW YORK, December 9, 1903.

DIVIDEND No. 141.

The Board of Directors have declared a quarterly dividend of ONE AND ONE-QUARTER PER CENT. upon the capital stock of this company, payable at the office of the Treasurer on and after the 15th day of January next, to shareholders of record at the close of the transfer books on the 19th day of December inst.

The transfer books will be closed at three o'clock on the afternoon of December 19th inst., and reopened on the morning of January 2nd next.

M. T. WILBUR,
Treasurer.
